# HEROES

LEGENDARY K-ZONERS DOING LEGENDARY THINGS.

## AWESOME ARTIST

Name: **Ian**

Heroic feat: **His portrait, titled 'My dad's brush', was the winner of the 9-12 Year Old category in the 2020 Young Archie competition!**

## FAST FOUR WITH IAN

**K-Z:** Hi Ian! How did you find out about the Young Archie competition?

**I:** When I was six years old (in 2017), a student in my father's art class showed up with a Young Archie entry form. I entered in 2018, and my first portrait, titled 'Future tram driver', received an honourable mention in the 5-8 Year Old category. In 2019, 'Sing to joy' was my second challenge for the competition and was one of the 5-8 Year Old finalists.

**K-Z:** Wow! Why did you choose to submit a portrait of your father?

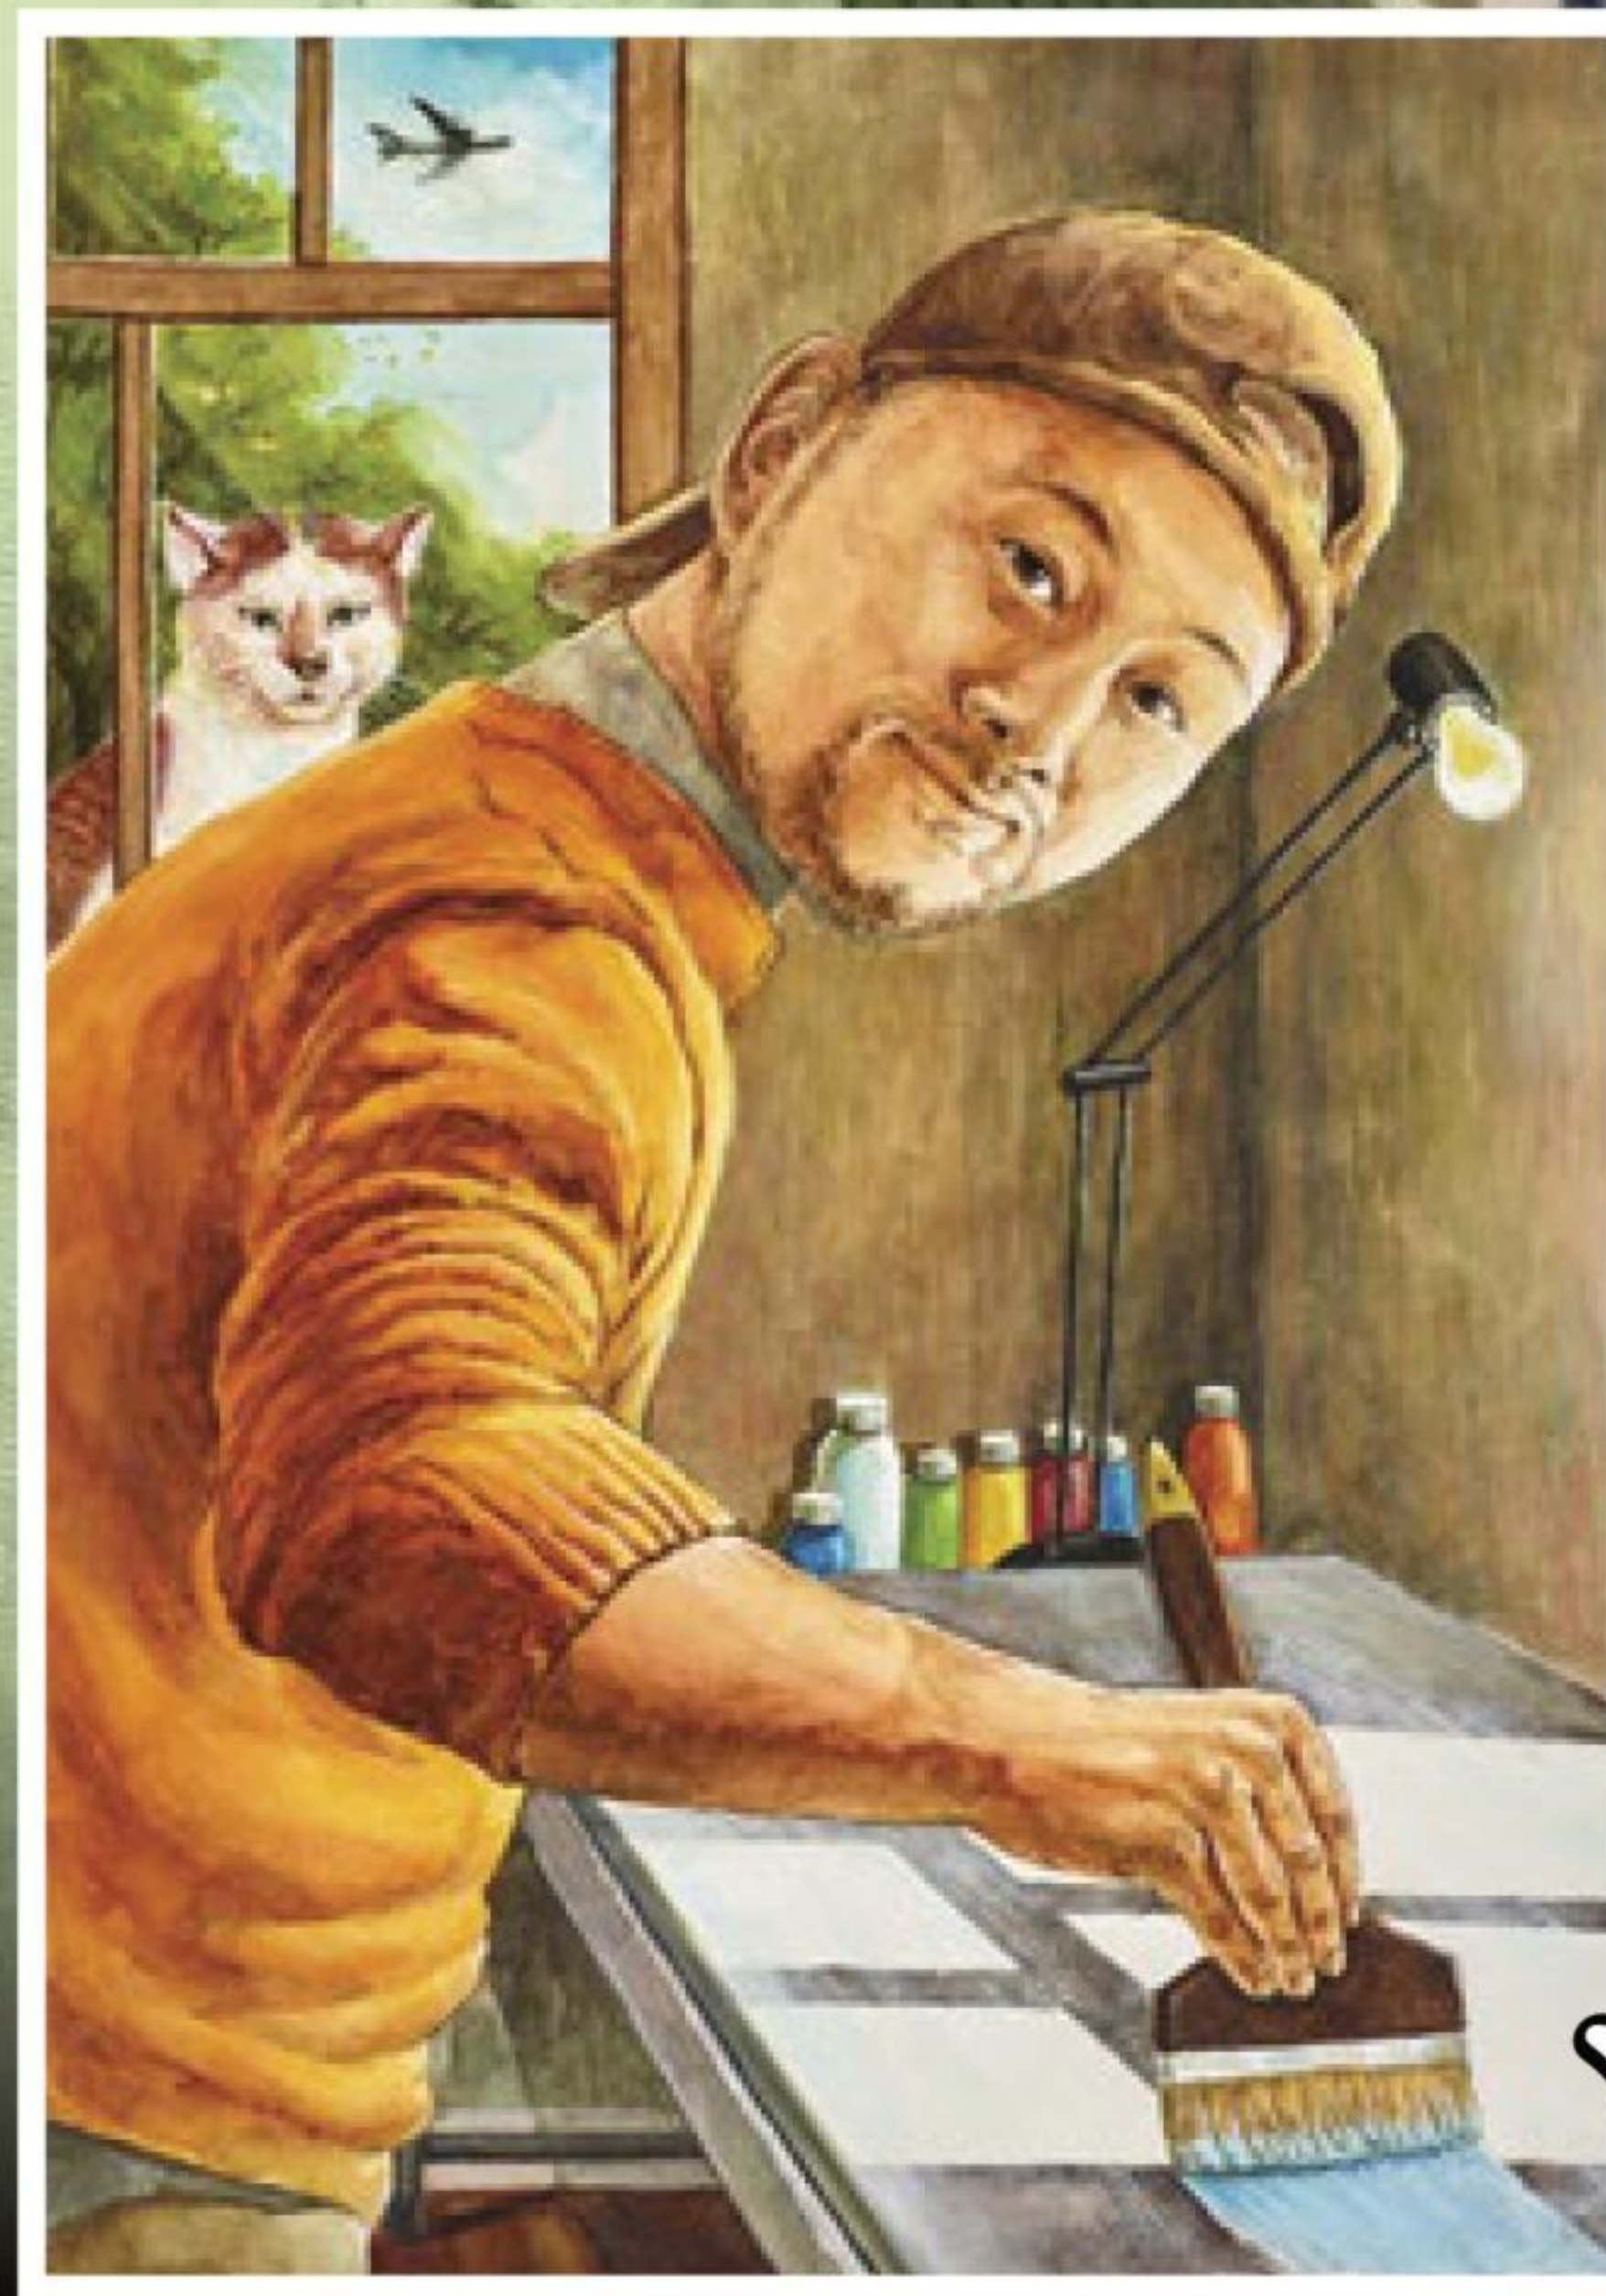

**I:** My father has always inspired me to keep drawing, and get my hands dirty. The picture 'My dad's brush' was inspired by his appearance when he couldn't shave, because he was busy preparing an exhibition. I took photos of him when he was very hairy, so the main point is my dad's beard. I used oil pastels, paint, brushes, pencils, erasers, and also crayons.

**K-Z:** How do you feel knowing your portrait is hanging in the Art Gallery of NSW?

**I:** I am delighted to share my happiness with the people visiting the gallery and website. Sharing happiness is greater than being proud of myself.

**K-Z:** Why should K-Zoners submit an entry?

**I:** My mum often says that it is a great opportunity and a cool way to learn to communicate with people through art. I agree, because I believe people feel my warm and happy emotion from my picture. You don't need to draw well to create a good drawing. Art is your expression of yourself. Just enjoy doing it.

IAN'S PORTRAIT, 'MY DAD'S BRUSH'

Entries for the 2021 Young Archie close on March 8! For more information, visit [www.artgallery.nsw.gov.au](http://www.artgallery.nsw.gov.au)!

# DEADLY SCIENCE

## DEADLY AUSTRALIAN ANIMAL FACTS AND INDIGENOUS SCIENCE!

As the founder of DeadlyScience, Corey Tutt loves sharing cool science facts. He's also the 2020 NSW Young Australian of the Year. Wow! DeadlyScience provides science books and equipment to remote schools in Australia. For more information, you can visit [www.deadlyscience.org.au](http://www.deadlyscience.org.au)!

### THE FIRST ENGINEERS

For over 65,000 years, the First people of Australia have built and managed effective relationships with the water and the sea. The First engineers had to develop special canoes, using bark cut from gum trees in two large cylinder shapes. The bark was held over fire to bend it, then tied with rope made from grasses and bark. Later, a type of glue called resin was made from beeswax or gumtree sap, and then used to make the canoe waterproof. The resin coating also made the pointed ends of the canoe cruise through the water with ease. How deadly!

– **Corey Tutt**

### DEADLY FACTS OF THE MONTH

**1.** Geodes are actually secondary rock formations inside another rock, which sometimes include colourful crystals made from minerals!

**2.** You can see pollen (usually invisible to the naked eye) using a microscope!

# AGENTS OF AV

**SECRET AGENTS:  
RATED**

WE ROUND UP THE BEST AGENTS IN THE BIZ AND RATE 'EM!

## **FELONIUS GRU AKA: GRU**

**Last seen:** Young Gru appeared in the *Minions: The Rise of Gru* trailer, but Gru's last true appearance was in *Despicable Me 3* in 2017.

**Signature look:** Tall, bald, long nose, black coat, striped grey scarf, black pants and black Grucci shoes.

**Notable skills:** High intelligence (particularly in science and engineering), strong, athletic.

**Gadgets:** Freeze Ray, Shrink Ray, Fart Gun, Lipstick Taser, Rocket Launcher, Grumobile and more!

**Verdict:** This former villain turned Anti-Villain League agent has an impressive history, including leading Minions, attempting to steal the moon, and defeating Balthazar Bratt. He also finds time to spend with his wife, Lucy and daughters Margo, Edith and Agnes; the best trait any agent can have is the ability to multi-task efficiently!

**9/10**

## **AGENT PEELY**

**Last seen:** In *Fortnite: Battle Royale* Season 2 Chapter 2.

**Signature look:** Tuxedo, either in a Shadow style (black) or Ghost style (white). Also has a golden agent style!

**Notable skills:** Appeared in every agent's room in Chapter 2, plus is able to reveal secret rooms and receive messages in his peel via a transmitter.

**Gadgets:** Banana Bomber, Bananaxe, Banana Briefcase, Spy Vs Banana Wrap.

**Verdict:** Ever seen a banana that looks like a secret agent before? Yeah, we didn't think so! Peely looks instantly cooler in a tux with this new skin! Agent Peely is the only Chapter 2 skin that can switch between Shadow and Ghost (bonus cool points). Is Peely a double agent? Nothing has been proven yet!

**8/10**

**FOR OLDER  
K-ZONERS  
YO!**

# WESOMENESS

## NICHOLAS JOSEPH FURY AKA: NICK FURY

**Last seen:** Relaxing in the mysterious post credits scene at the end of *Spider-Man: Far From Home*.

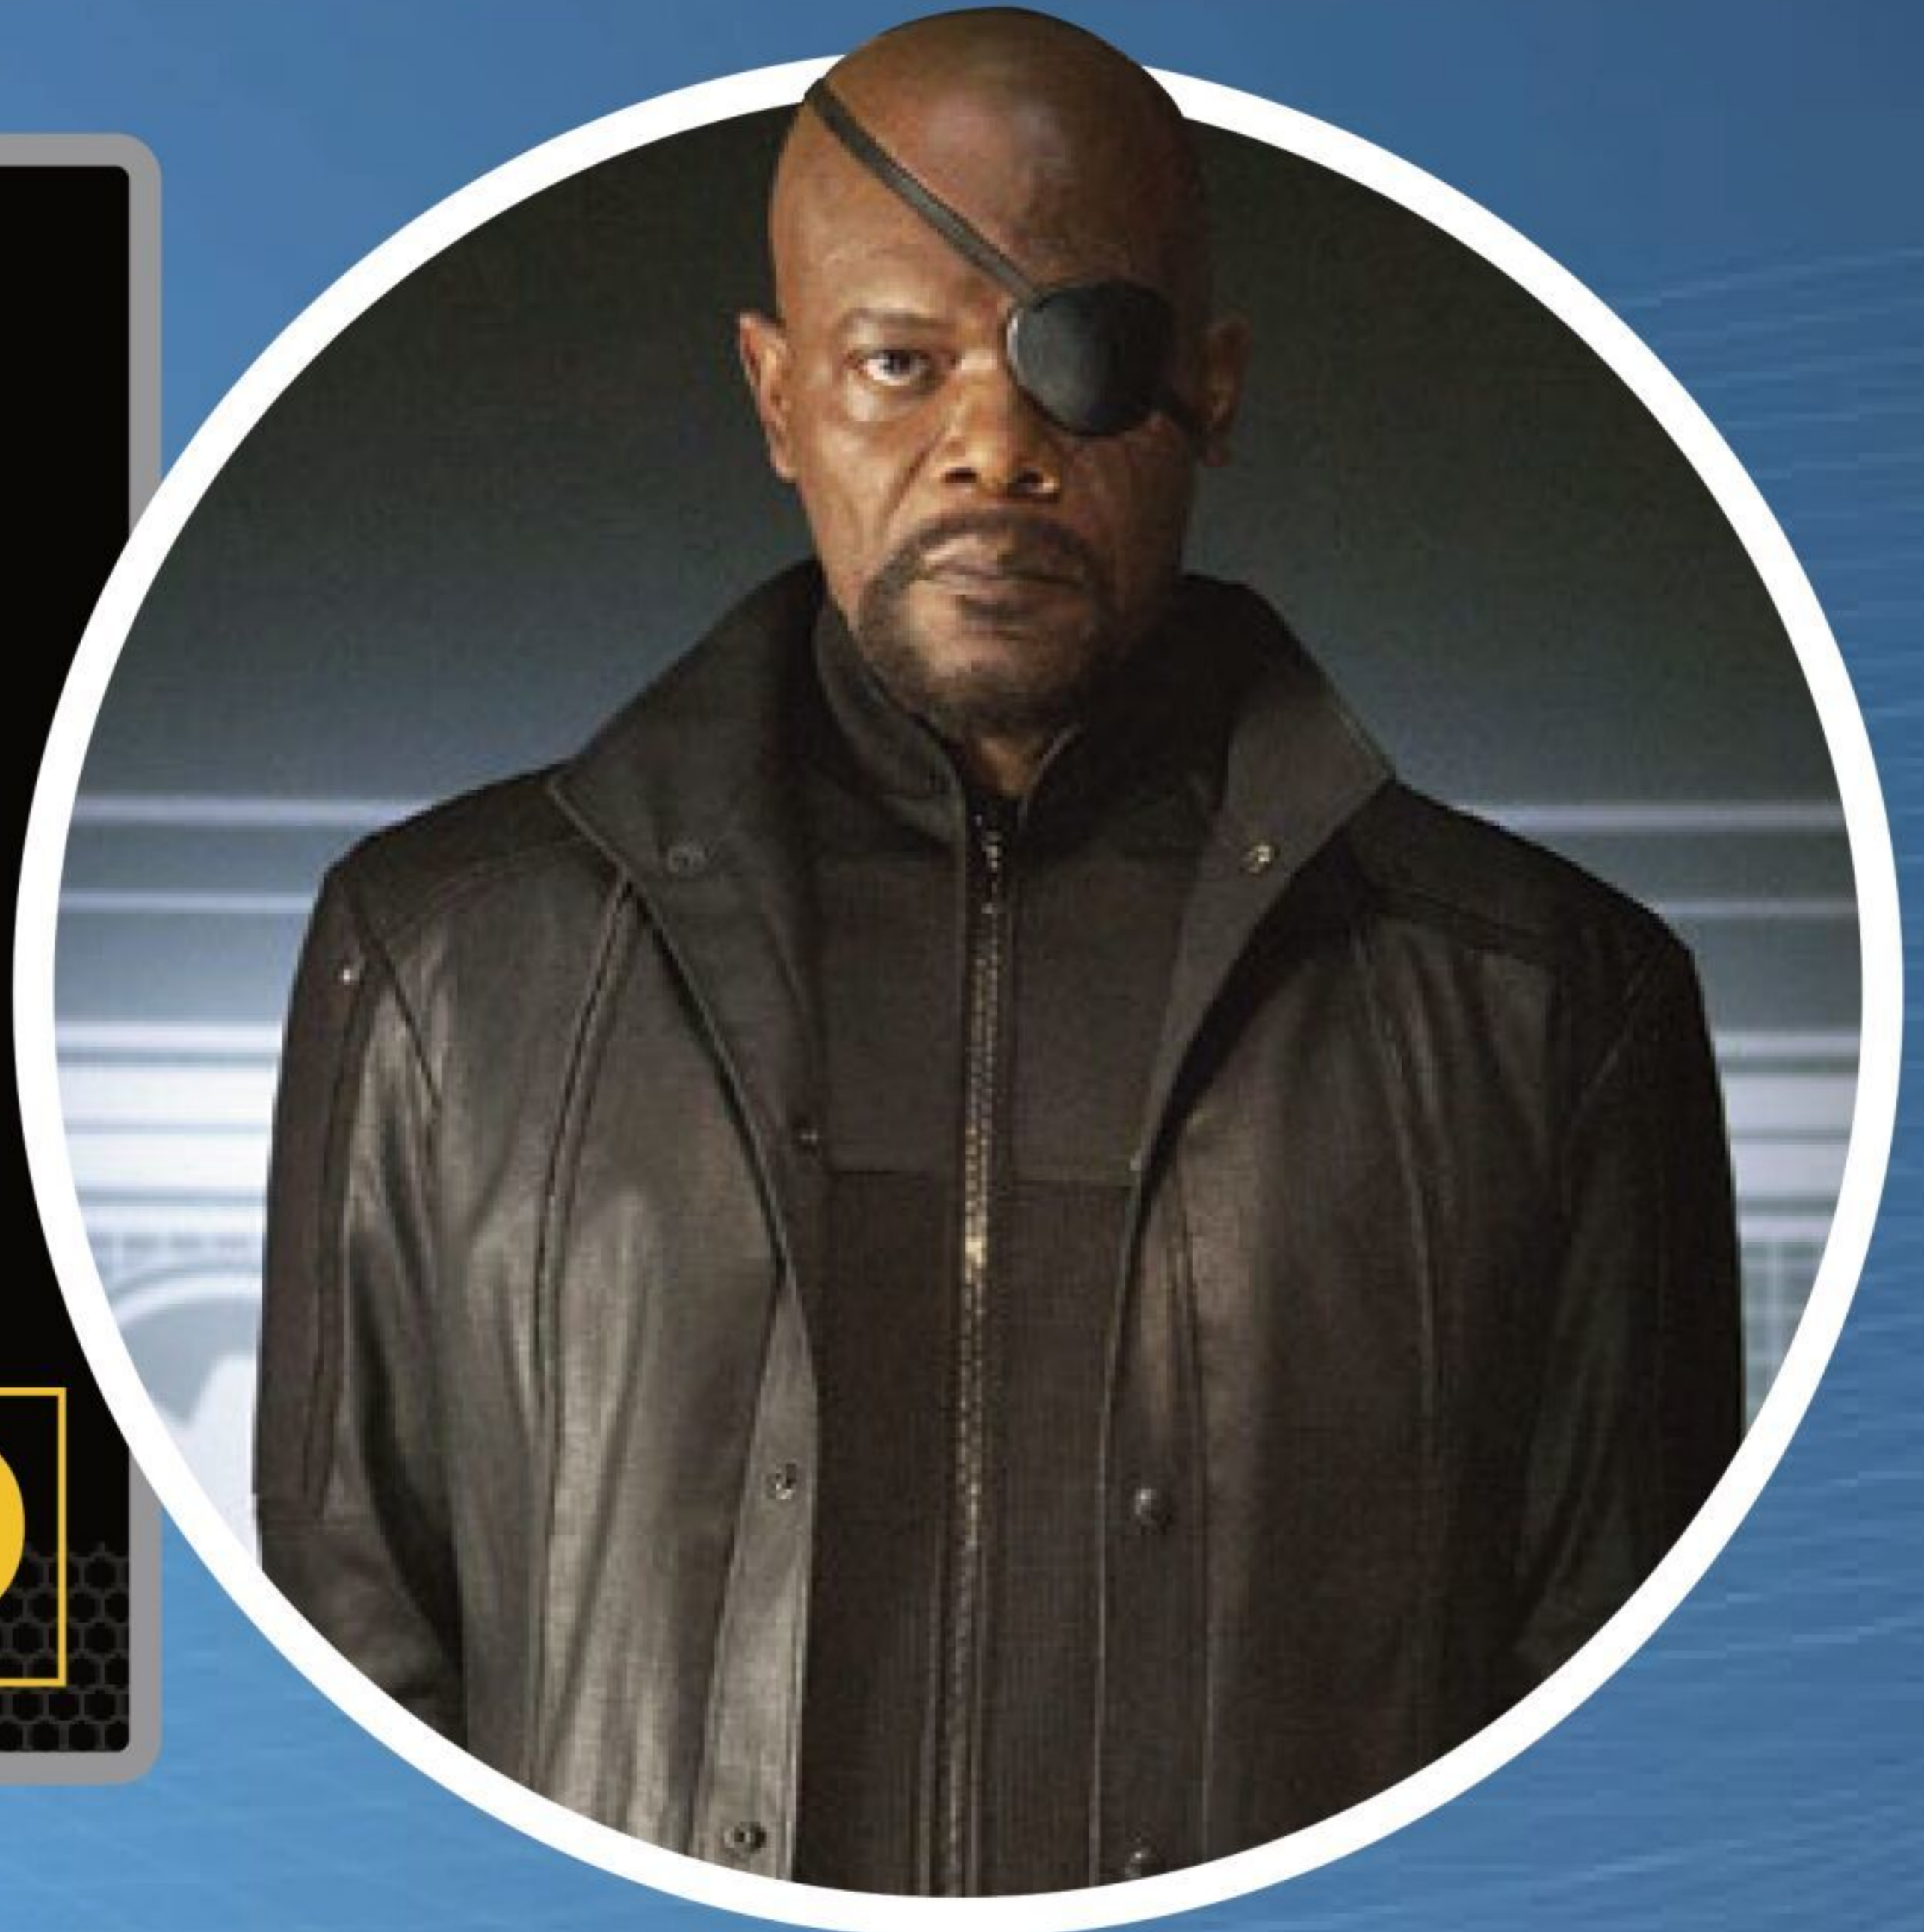

**Signature look:** Black pants, top, shoes, coat and eyepatch. Fury has worn an eyepatch since Goose injured him in the 1990s, shown in *Captain Marvel*.

**Notable skills:** Strategy, expert marksmanship, leadership skills, trained in hand-to-hand combat.

**Gadgets:** Access to cutting-edge technology and weapons, like the Mouse Hole device.

**Verdict:** Fury's experience makes him an ultra pro agent.

9/10

## CARMEN SANDIEGO AKA: BLACK SHEEP

**Last seen:** In the Netflix series, *Carmen Sandiego*.

**Signature look:** Red hat, red coat, black jumpsuit.

**Notable skills:** Professional thief with V.I.L.E. Academy training, master of disguise, high coordination and agility levels, skilled fighter, and multilingual!

**Gadgets:** Red Drone, Glider Backpack, Grappling Hook, Compact Mirror Tracker, and more!

**Verdict:** Carmen uses her training for good, and travels the world to stop V.I.L.E.'s plans. What's cooler than that?

8/10

## JOHNNY ENGLISH

**Last seen:** In *Johnny English Strikes Again*.

**Signature look:** Typical M17 agents wear a suit and tie, but fieldwork also requires blending in... like dressing as a knight.

**Notable skills:** Awkward dancing, geography knowledge, silliness, excellent research skills and talented tracker.

**Gadgets:** Tricked out Aston Martin, location tracking Sherbet fountain, shoebox inflatable dinghy, explosive jelly babies.

**Verdict:** Not your typical agent. He's clumsy, but with no other M17 agents to call, Johnny has saved the day many times in his own unique way.

7/10

# WHISPERS FROM THE FUTURE

MOVIES, SHOWS AND EVENTS SET FOR THE NOT-SO-DISTANT FUTURE!

## LOKI

The God of Mischief is back. In *Avengers: Endgame*, a past version of Loki used the Tesseract to escape. In his series, the trickster son of Odin is in the hands of the Time Variance Authority. The TVA's history in Marvel's comics is an organisation dedicated to the protection of the multiverse. Our guess is that Loki has been recruited to alter or fix different timelines, in order to earn his freedom. Get ready for plenty of adventures with Loki as the hero of a time-heist show, starting in May on Disney+!

## SPIDER-MAN 3

There will be another *Spider-Man* movie and it might arrive this year! Huge news, but wait – there's more! Spidey fans could be getting a few different versions of Spider-Man in the MCU. We all loved *Spider-Man: Into The Spider-Verse*, so the idea of multiple Spideys in the live-action movies is exciting! Andrew Garfield, star of *Amazing Spider-Man*, has been confirmed for the movie, and Marvel Studios are in talks with Tobey Maguire, star of 2002's *Spider-Man*. With Doc Ock and Electro also appearing, this is the ultimate reunion!

## AVENGERS CAMPUS

Disney California Adventure Park will be opening a Marvel-themed area, which will be home to some of the biggest and best superhero attractions! The area will include an interactive Spider-Man ride, Master of the Mystic Arts meet-and-greet with Doctor Strange, Ant-Man test kitchen, and of course, Avengers HQ. This new addition joins the existing *Guardians of the Galaxy* attraction, combining to make Marvel Land. Originally planned for 2020, the grand opening has been pushed back. Fingers crossed it's ready soon!

# THE UNDERGROUND

TOP SECRET  
INTEL

## THE BOSS BABY: FAMILY BUSINESS

Tim and his Boss Baby bro Ted have both become adults and drifted apart. Tim's youngest daughter, Tina, takes after her uncle Ted as a BabyCorp operative. Her mission? Infiltrate her older sister Tabitha's school with the help of Tim and Ted. The brothers will have to transform into children again, in order to take on a neverending supply of wisecracking infant secret agents and super skilled baby ninjas. Watch out for this sequel to *The Boss Baby* in cinemas later in the year!

## DIARY OF A WIMPY KID

We hope you're sitting down Jeff Kinney fans – so you can jump up and cheer when you read this awesome and extremely wimpy news! A new film series based on the award-winning *Diary of a Wimpy Kid* books will be hitting Disney+ later this year. The series will be 3D animation; similar to the style of *The Peanuts Movie* in 2015. In our opinion (as big DOAWK fans), this design decision is perfect because Greg Heffley will look just like the illustrated character from the books that we know and love!

## RUMBLE

Here are just a few reasons to be excited for this flick: massive monster pro wrestlers, Will Arnett (AKA LEGO Batman) as the voice of the main character, and (this one is just a guess but we stand by it) there's bound to be an epic training montage with an uplifting soundtrack. Think about it; what more could you possibly want in a movie? We've been looking forward to *Rumble*, and apparently our impatient grumbles will end mid-2021 when the movie is finally released!

Images: © 2021 DreamWorks Animation LLC. All Rights Reserved., © 2021 Wimpy Kid, Inc., Getty, iStock, Paramount Animation, Sony Pictures, Walt Disney Pictures/Marvel Studios

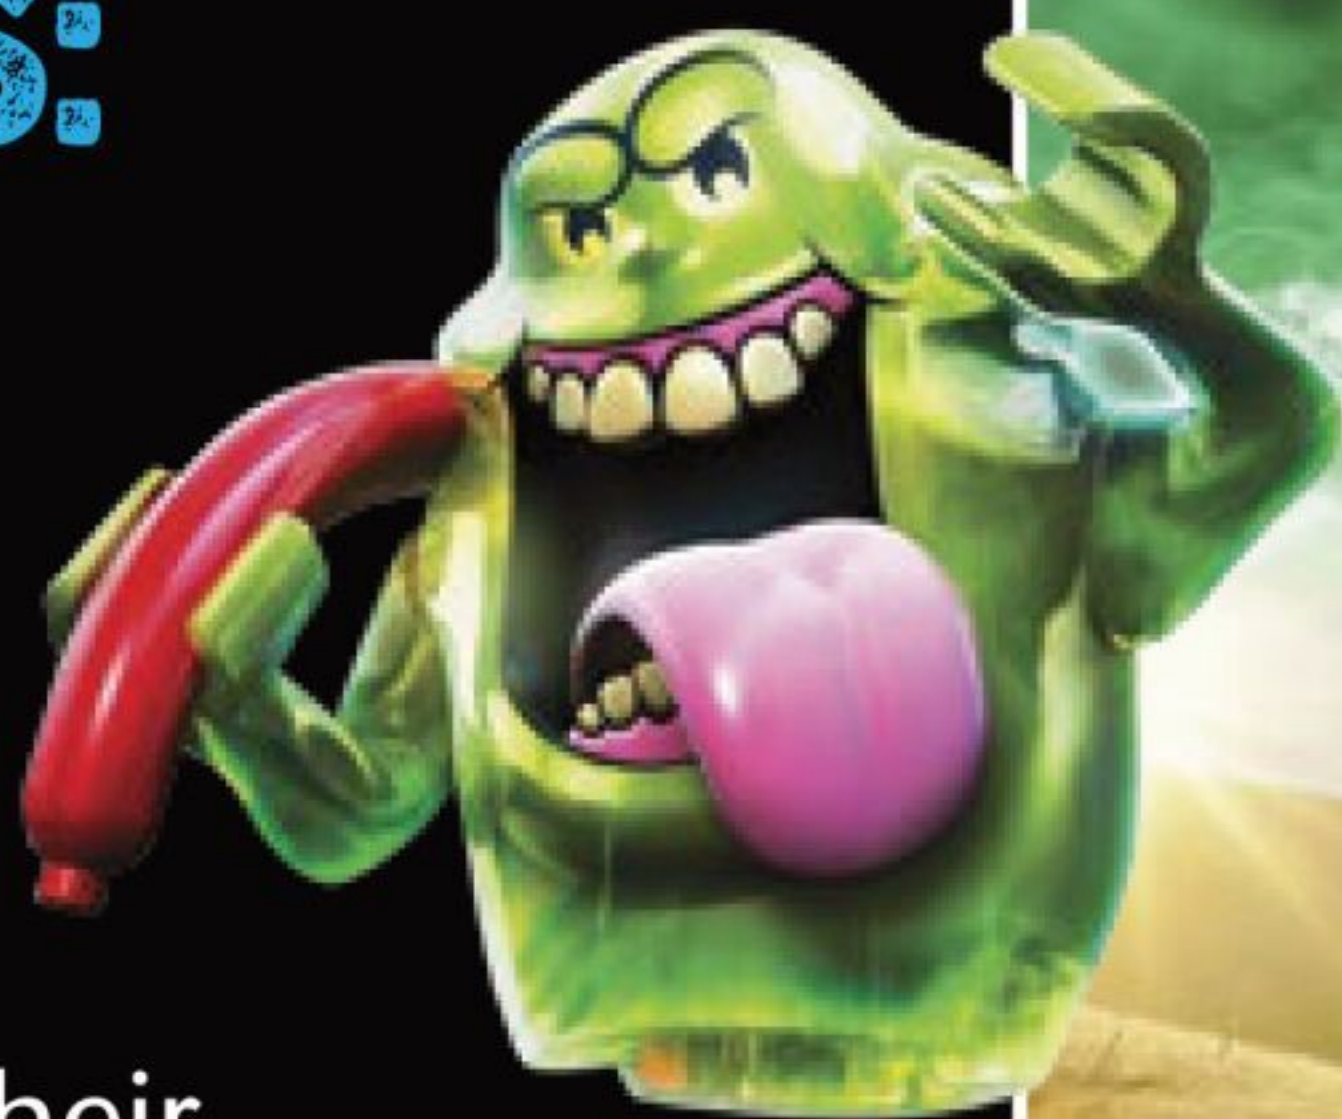

## JURASSIC WORLD: DOMINION

Spoilers ahead! At the end of *Jurassic World: Fallen Kingdom*, the dinosaurs transported from the park to the USA managed to escape, fleeing into the wilderness. With Isla Nublar destroyed, we assume those dinosaurs have decided to live alongside humans. Yikes! You can expect the third *Jurassic World* film to be filled with prehistoric creatures, all exploring the cities, towns and wilderness of the USA. *Dominion* stampedes into cinemas mid-2022, with Chris Pratt back as Owen Grady!

## GHOSTBUSTERS: AFTERLIFE

The 80s franchise is getting another reboot this year! Siblings Trevor and Phoebe move to a small town with their mother and settle into their grandfather's house, but uncover gadgets from his past. At the same time, paranormal events literally rock the town's foundations. If Paul Rudd, AKA Ant-Man, being in the film isn't exciting for you, the rad ghost-busting tech and gadgets will do the trick.

## SPACE JAM: A NEW LEGACY

What do basketball and Bugs Bunny have in common? Being paired up in the 90s for *Space Jam*! Now, the combo is returning for a sequel, and the Looney Tunes gang are teaming up with Los Angeles Lakers' LeBron James. Rumour has it that Don Cheadle, AKA War Machine, is the baddie. If we're lucky, the movie will be out soon, so watch the first one now!

## OBI-WAN KENOBI

What adventures did Obi-Wan Kenobi have between the events of *Revenge of the Sith* and *A New Hope*? We ask that question too often, but thankfully, a new Disney+ series has been announced that put our minds to rest. Ewan McGregor will return as the Jedi Master, 10 years after Obi-Wan first lost his Padawan, Anakin Skywalker, to the dark side. Lucasfilm has promised 'the rematch of the century', with Hayden Christensen returning as Darth Vader. We just hope any battles take place on flat ground, far away from hills or mountains.

## AHSOKA

Ahsoka Tano's epic appearances in *Star Wars: The Clone Wars*, *Star Wars Rebels* and *The Mandalorian* are always amazing, and now we can expect to see more of the dual-lightsaber wielding character! Disney has confirmed a spin-off series for Ahsoka is in the works. As the series was only just announced, no one knows too much about where or when the show will take place in the *Star Wars* universe. We hope we will see events that follow the conclusion of *Star Wars Rebels*, and a lot of lightsaber battles between Ahsoka and... well, anyone else!

## THE BAD BATCH

Clone Force 99, AKA The Bad Batch, were introduced in *Star Wars: The Clone Wars*. Each member possesses unique enhanced abilities, which sets the group apart from other clones. Together, the Bad Batch are a force (ha, get it) to be reckoned with, and now they are also getting a spin-off sequel series on Disney+ this year. After the Clone Wars, the Bad Batch try to find their place in the Imperial Era galaxy. The plot details are currently top secret, but we know the crew will take on mercenary missions suited to their unusual skills!

# RAYA RE

RESTORE PEACE, FIND THE LAST DRAGON... AND WATCH THE TRAILER FOR RAYA AND THE

0:06 Hello, young Raya! How do we get cool gloves like that?

0:12 Raya clearly has skills – running and jumping out a window onto a rooftop in the rain isn't easy. Don't try this at home, LOL!

0:17 The music already sounds amazing! This eerie riff is giving us goosebumps!

0:19 Secret tunnel hey?

0:21 Look out Raya!

0:23 Do you recognise the voice of Raya? It's Kelly Marie Tran, AKA the awesome Rose Tico from *Star Wars*!

0:24 Raya's little friend is called Tuk Tuk, and... he's on a roll!

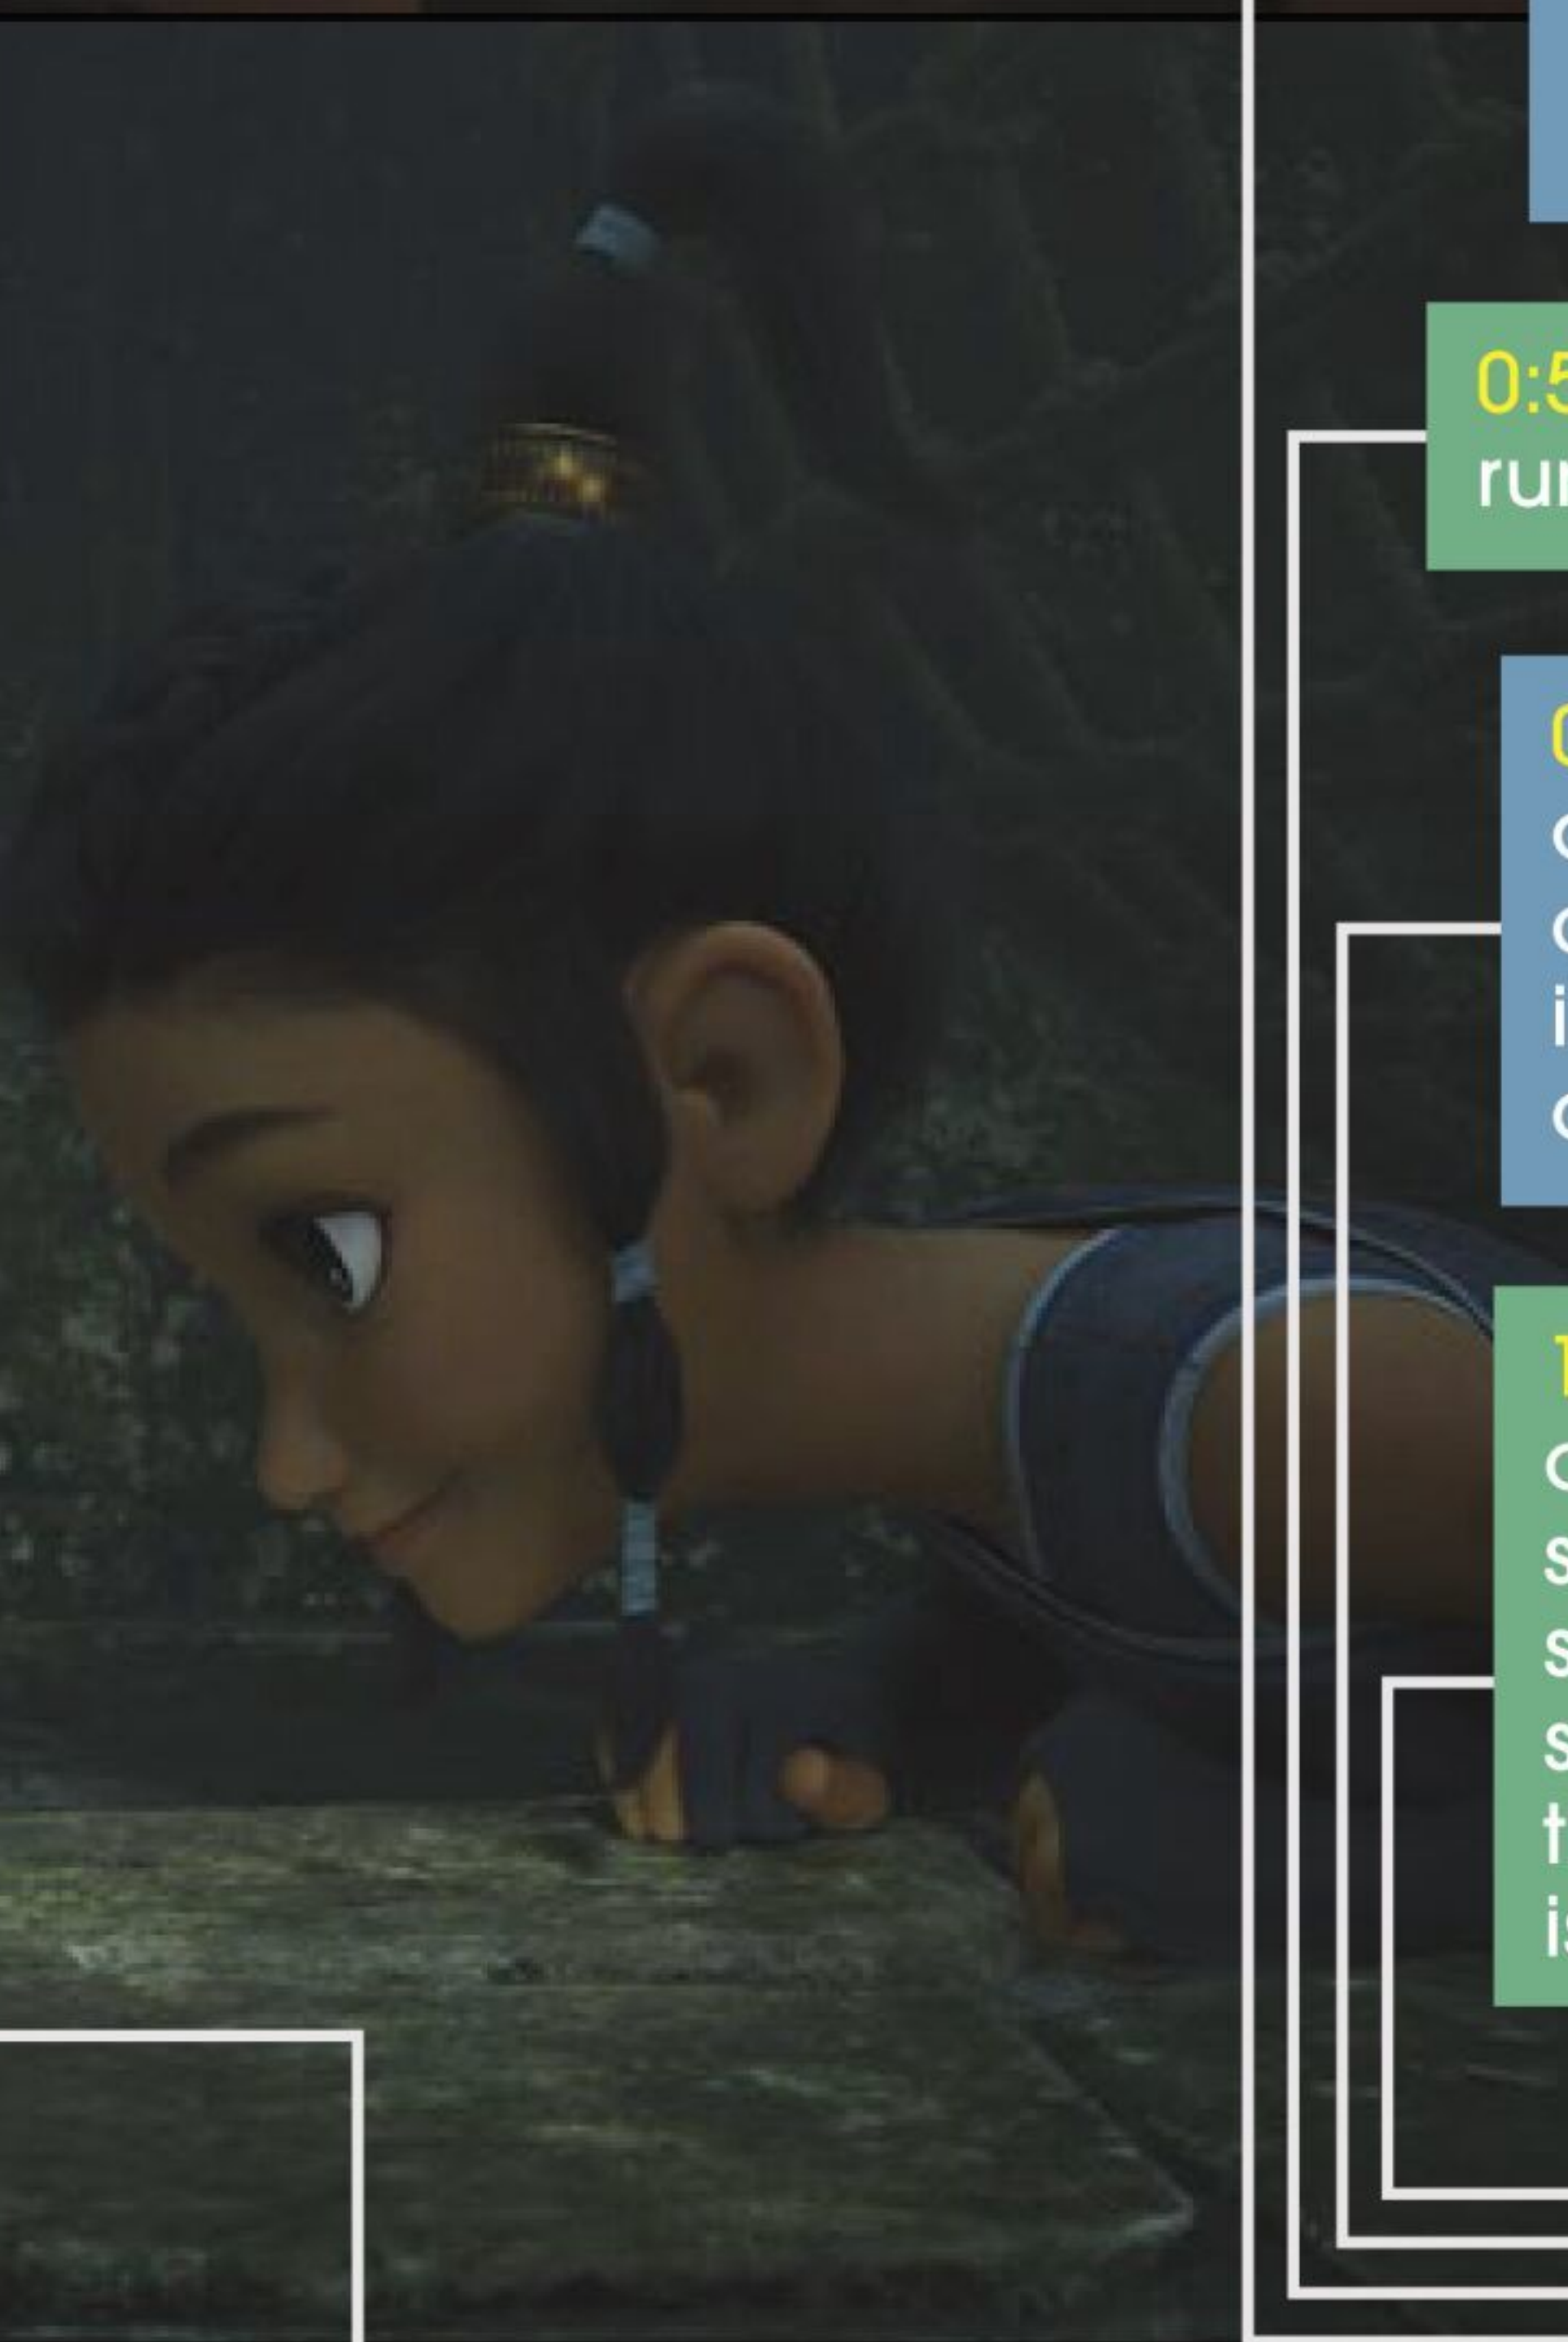

0:30 Apparently Tuk Tuk needs to practise focusing when it comes to creepy crawly snacks.

0:44 Raya is using two sticks to turn the vault door, similar to 'bastons' used in Filipino martial arts. What's inside this special vault that needs to be protected with so many tricks and traps?

0:53 The water is deffo running up the steps!

0:58 There is a glowing object in the centre of this cavern. Someone else is in the cave too, wearing an interesting mask.

1:06 The stranger wields a sword with a detailed sheath. The pair wear the same gloves, and the sword is sheathed during the battle; perhaps this is Raya's training?

# E ACTIONS

## LAST DRAGON!

**1:13** “My whole life, I trained to become a guardian of the dragon gem, but this world has changed.”

**1:17** Uh oh... It looks like someone is up to no good. We know in Kumandra, humans and dragons lived together in harmony until the dragons sacrificed themselves to stop a monstrous threat. The monsters, called the ‘Druun’, have returned; could they be responsible?

**1:28** To restore peace, Raya must find the last dragon. We see a beautiful scroll, showing a light blue and white dragon reaching toward a glowing white crystal in a stormy, smoky cloud.

**1:42** We see Raya as she’ll probably appear for most of the movie; older and taller, with a much bigger Tuk Tuk! She stands in a desert, with a large hat and a covering to protect her face from the sand. This setting is very different from the rainy village and dripping cave at the start of the trailer, or the lush green forest where the four groups gathered before.

**1:44** In the moving crystalline shapes, we see a dragon ornament and the brim of Raya’s hat.

**1:55** Who can’t relate to poor Tuk Tuk in this scene? Sometimes a giant armadillo just wants a nap!

**2:00** Pay attention – that shadow must be the legendary last dragon, Sisu!

**1:22** Four groups of people stand in front of young Raya and her dad. The groups wear different styles of clothing, and are assembled behind four unique banners. Different animals also accompany each of the groups. Raya says that the people have been divided.

# THE FALCON AND THE WINTER SOLDIER

OUR HEROES ARE HEADING OFF ON A NEW MISSION! PEEP THE IMPORTANT DEETS!

## SAM WILSON AND BUCKY BARNES

Sam and Bucky have come a long way since their first movie together as enemies, and their second movie together as cautious teammates. As of *Avengers: Infinity War* and *Endgame*, the pair are teaming up for a global adventure. Sam is working as Falcon, despite being given the mantle of Captain America, while Bucky is finally free of Hydra's brainwashing. The duo must fight the anarchist 'Flag-Smashers' group, and deal with the reappearance of Zemo.

## BARON HELMUT ZEMO

The Sokovian terrorist who was responsible for the Avengers' split in *Captain America: Civil War* is back. Rumour has it Zemo will wear the purple mask worn by the villain in the comic books. After planning to destroy the Avengers and framing Bucky for killing Black Panther's father in *Civil War*, we know that Zemo is a dangerous mastermind. Black Panther captured Zemo and gave the villain to the Joint Counter Terrorist Centre for imprisonment.

## SHARON CARTER

A former S.H.I.E.L.D. agent and Peggy Carter's niece, we last saw Sharon in *Civil War*, where she returned the equipment for Steve Roger's team. Helping Steve meant that Sharon has been on the run since *Civil War*, and she was also confirmed as a victim of Thanos' Snap in *Endgame*, shown in the montage of victims at Avengers HQ. Now that Sharon is back due to Hulk's Snap, this new series will show what she has been doing since we last saw her.

# VICTORY ROUND

Game Ninja uncovers the frantic fun of keeping *Fall Guys: Ultimate Knockout* fresh with Joseph Juson, Mediatonic Level Designer!

**Hi Joseph! What was the inspiration behind *Fall Guys*?**

**J:** The main inspiration was a combination between battle royale games and classic TV game shows like *Takeshi's Castle*. If you haven't seen the show, it's definitely worth taking a peek on YouTube!

**Any other game inspirations?**

**J:** We started looking at games like *Gang Beasts* for inspiration on how our game should feel to play, as well as classic *Mario Party* games for level inspiration.

**Where did the jellybean characters come from?**

**J:** We wanted the character to feel relatable, yet be able to fall over a hundred times and get up without worrying about being hurt. *Fall Guys* never get hurt and never give up!

**How do you pick which levels make the cut?**

**J:** Our best levels come from sharing ideas around what the *Fall Guys* can do (like jump, dive and grab), and then figuring out how we can use those actions in interesting, funny ways.

**Were there any level designs that you wanted to put in the game that didn't make the cut?**

**J:** There was a basketball level I made that I thought was really fun, but the rest of the team didn't quite agree. I think *Fall Guys* doing ridiculous dunks felt a little bit too athletic! I'm still hopeful I'll be able to convince them one day...

**Sounds awesome! What was your favourite level to create for Season 3?**

**J:** Freezy Peak. It was a really difficult level to put together as there are so many different elements involved. We hadn't made a Race level where players all start in different positions before.

**What content can you tease for the future?**

**J:** We're continuing to work on remixes and Round variations, so players can expect their favourite Rounds to keep evolving as we go. We're always experimenting with new obstacles that are both fun for the players to interact with and hilarious to watch them fail over!

# BAKUGAN CHAMPION

Peek at Game Ninja's top secret chat about *Bakugan: Champions of Vestroia* with Frederick Ernst, Creative Director at Spin Master!

**Q: Hi Frederick! Which parts of the story in *Bakugan: Champions of Vestroia* are familiar or new for fans?**

**F:** *Bakugan* fans should feel right at home in our story, but we didn't want to just retell the story from the anime. We have a new city and a new cast of characters, but it all takes place in the same world as the anime, and the Awesome Brawlers make an appearance.

**Q: Sweet! What's the basic plot?**

**F:** The story has two parallel plots. One plot focuses on the Bakugan Championship tournament. The other involves a sinister scheme in the city of San Barbas, and our Bakugan-brawling hero is the only one with the means to uncover it.

**Q: What inspired the story for the game?**

**F:** We wanted to give the player a big, dramatic story to star in, dive into unique elements of the Bakugan world (like Vestroia) and explore themes in the anime from the perspective of new characters.

**Q: What new features will the fans love?**

**F:** Our unique take on brawling, which mixes anime visuals with TCG-inspired depth! Our story introduces new villains and characters to the world, and Leonidas makes his story debut.

**Q: How is *Bakugan* different from other RPGs?**

**F:** Certainly our brawling, which blends real-time and turn-based battling. We think it hits a nice balance between action and strategy.

**Q: How much 'research' involved playing with the toys?**

**F:** The team at WayForward watched the anime and also held some mini-tournaments of the toy/trading card game, to help immerse themselves in the *Bakugan* world. They wanted to make sure they captured the feel of the show and the toy!

**Q: Do you have any gameplay tips?**

**F:** The best tip is to experiment. You and the Bakugan can't die in the game, so you're free to mix it up and try any strategies or teams. Play with all the factions to see which one best suits your play style.

**DID YOU KNOW?**

The game certainly looks like the awesome Netflix series, and apparently it will sound the same too! The voice actors for Jack, June, Dirk and Quint in the show will also be voicing their *Last Kids On Earth* characters in the game!

## THE LAST KIDS ON EARTH AND THE STAFF OF DOOM

The *Last Kids On Earth* is heading to screens as a game, and it's gonna be stuffed with zany zombies, mauling monsters, and cool couch co-op!

OK, so whether you have or haven't smashed through the book series for *The Last Kids On Earth* and annihilated the Netflix show, you can take it to the next level with the first game! *The Last Kids on Earth and the Staff of Doom* is a new, awesome battle game where your opponents are a brainless bunch of brain-munching zombies. The pack of shuffling baddies is standing between you and the Staff of Doom. It's a sticky situation, and Malondre (Queen of the Slime Monsters) is joining in. She wants the staff so she can spawn Rezzoch the Ancient, who has a bad reputation for wrecking worlds. However, the incred crew of Last Kids aren't gonna let that happen. Play alone or in the four-player couch co-op. Bring the undead doom of Big Mama to splash through waves of zombies in Wakefield. Plus, level-up your pew-pews to take out the massive monsters, then upgrade your gear to survive biffs with epic bosses. Help Jack, June, Dirk and Quint save the day!

**PRO TIP!**

Want to find tips for tucked away treasures or rad little side quests? Mash that interact key whenever you explore, chat with random characters, pay attention to notes on desks or walls, and read signs out in the world. Chasing side quests is the best way to nab gear and level up!

## OCEAN'S HEART

How do you know if you're a pirate? You just arrr! There are certainly a few pirates with a dastardly part to play in *Ocean's Heart*!

Tilia, hero of *Ocean's Heart*, has found herself in a pirate-packed pickle. Tilia's pa said he would BRB and sailed off to save someone who had been snatched by sneaky swashbucklers. That sail has now officially become a total fail, and six long months have passed. It's time for Tilia to hit the ocean road and track down her lost dad. It definitely won't be easy, because bad buccaneers are seeking powerful ancient magic. The kind of wacky wands that control the winds and waves are on their 'to steal' list. Well, not on Tilia's watch! The game isn't only serious stuff. There are stacks of fun side quests to help steer Tilia into a fighting force that pirates dread. You can become a tic-tac-toe champion, nab some precious art, and befriend a world of wonderful weirdos. This wide and wonderful world is full of things to do. Find pirate forts to conquer and big beasts to battle, all while dodging danger on (and off) the high seas, and sailing toward some sweet secrets.

Make a point of checking checkpoints. In co-op, ducking to a checkpoint respawns other players, but checkpoints also return you and your pals to full health! If you just passed one, go back. If it's been a while since your last checkpoint, push forward – the next one should be nearby.

## SACKBOY: A BIG ADVENTURE

Sackboy is bursting back into breathtaking action with a huge, fun and frantic 3D multiplayer platforming adventure!

In *Sackboy: A Big Adventure*, the big bad villain is Vex, and Vex's snatching of Sackboy's friends leads to a new adventure! Instead of letting Vex flex his fiendish skills and enact a plan to say goodnight to Craftworld, you can try to stop him. Play as Sackboy and help the character transform from a wonderful wonderkid to the good Knitted Knight and, obvs, saviour of the day. Guide Sackboy through the dangers and avoid a total stitch up! You can play Sackboy solo, but most knights find they fight best with their buds by their side. The Craftworld's sack-folk are easier to save with up to three mates in the cool couch co-op. Whether you're playing solo or with others, you will be able to dive into secret-stuffed, coin-filled locations that are also brimming with baddies. There are many opportunities to score stacks of sweet unlocks and create crafty new looks. Only the brave, fearless and knitted can save the day!

**PRO TIP!**

Look out for the big yellow ultimate-charging cylinder. You wanna make a Bumble-beeline for it. Smash your on-the-fritz foes away, or stick inside it to fully charge your ultimate. Done? Now, head for the nearest robo-rival and hit them hard with your ultimate ability!

**OVERRIDE 2: SUPER MECH LEAGUE**

No need to override those fun expectations for *Override 2*; you can safely expect to be in for one heck of a robo-ride!

*Override: Mech City Brawl* was about skyscraper-sized big-bots throwing down against gigantic alien invaders. Now, *Override 2: Super Mech League* overrules all the aliens and turns the laser focus towards one gigantically cool idea. In this game, you will find massive mechs meleeing mountains of mechanical monstrosities! First, nab your fave fighting friend from a roster of rad robots. Help Watchbot hit his prime, or Pescado (the fishy fighter) reel in a win. No, really – Pescado is a giant fighting robo-fish. Otherwise, jump into Metageckon, a deadly robo dinosaur. Bash and smash your way to the top of the legendary Leagues. Test the mettle of all the metal mechs itching to smash you to bits across epic arenas. Some levels shift, while others have explosive grab-and-toss pick-ups. Nab a weapon to wreck the rest. Done bot-brawling alone? Tag in a mate for a showdown, or bot biff against bad bots together.

 Time is always ticking down, so get used to using those controller shortcuts to save precious seconds. Type a few letters, and *Family Feud* will start predicting the word. When you see the word you want, use the left or right bumper, or trigger, to lock it in!

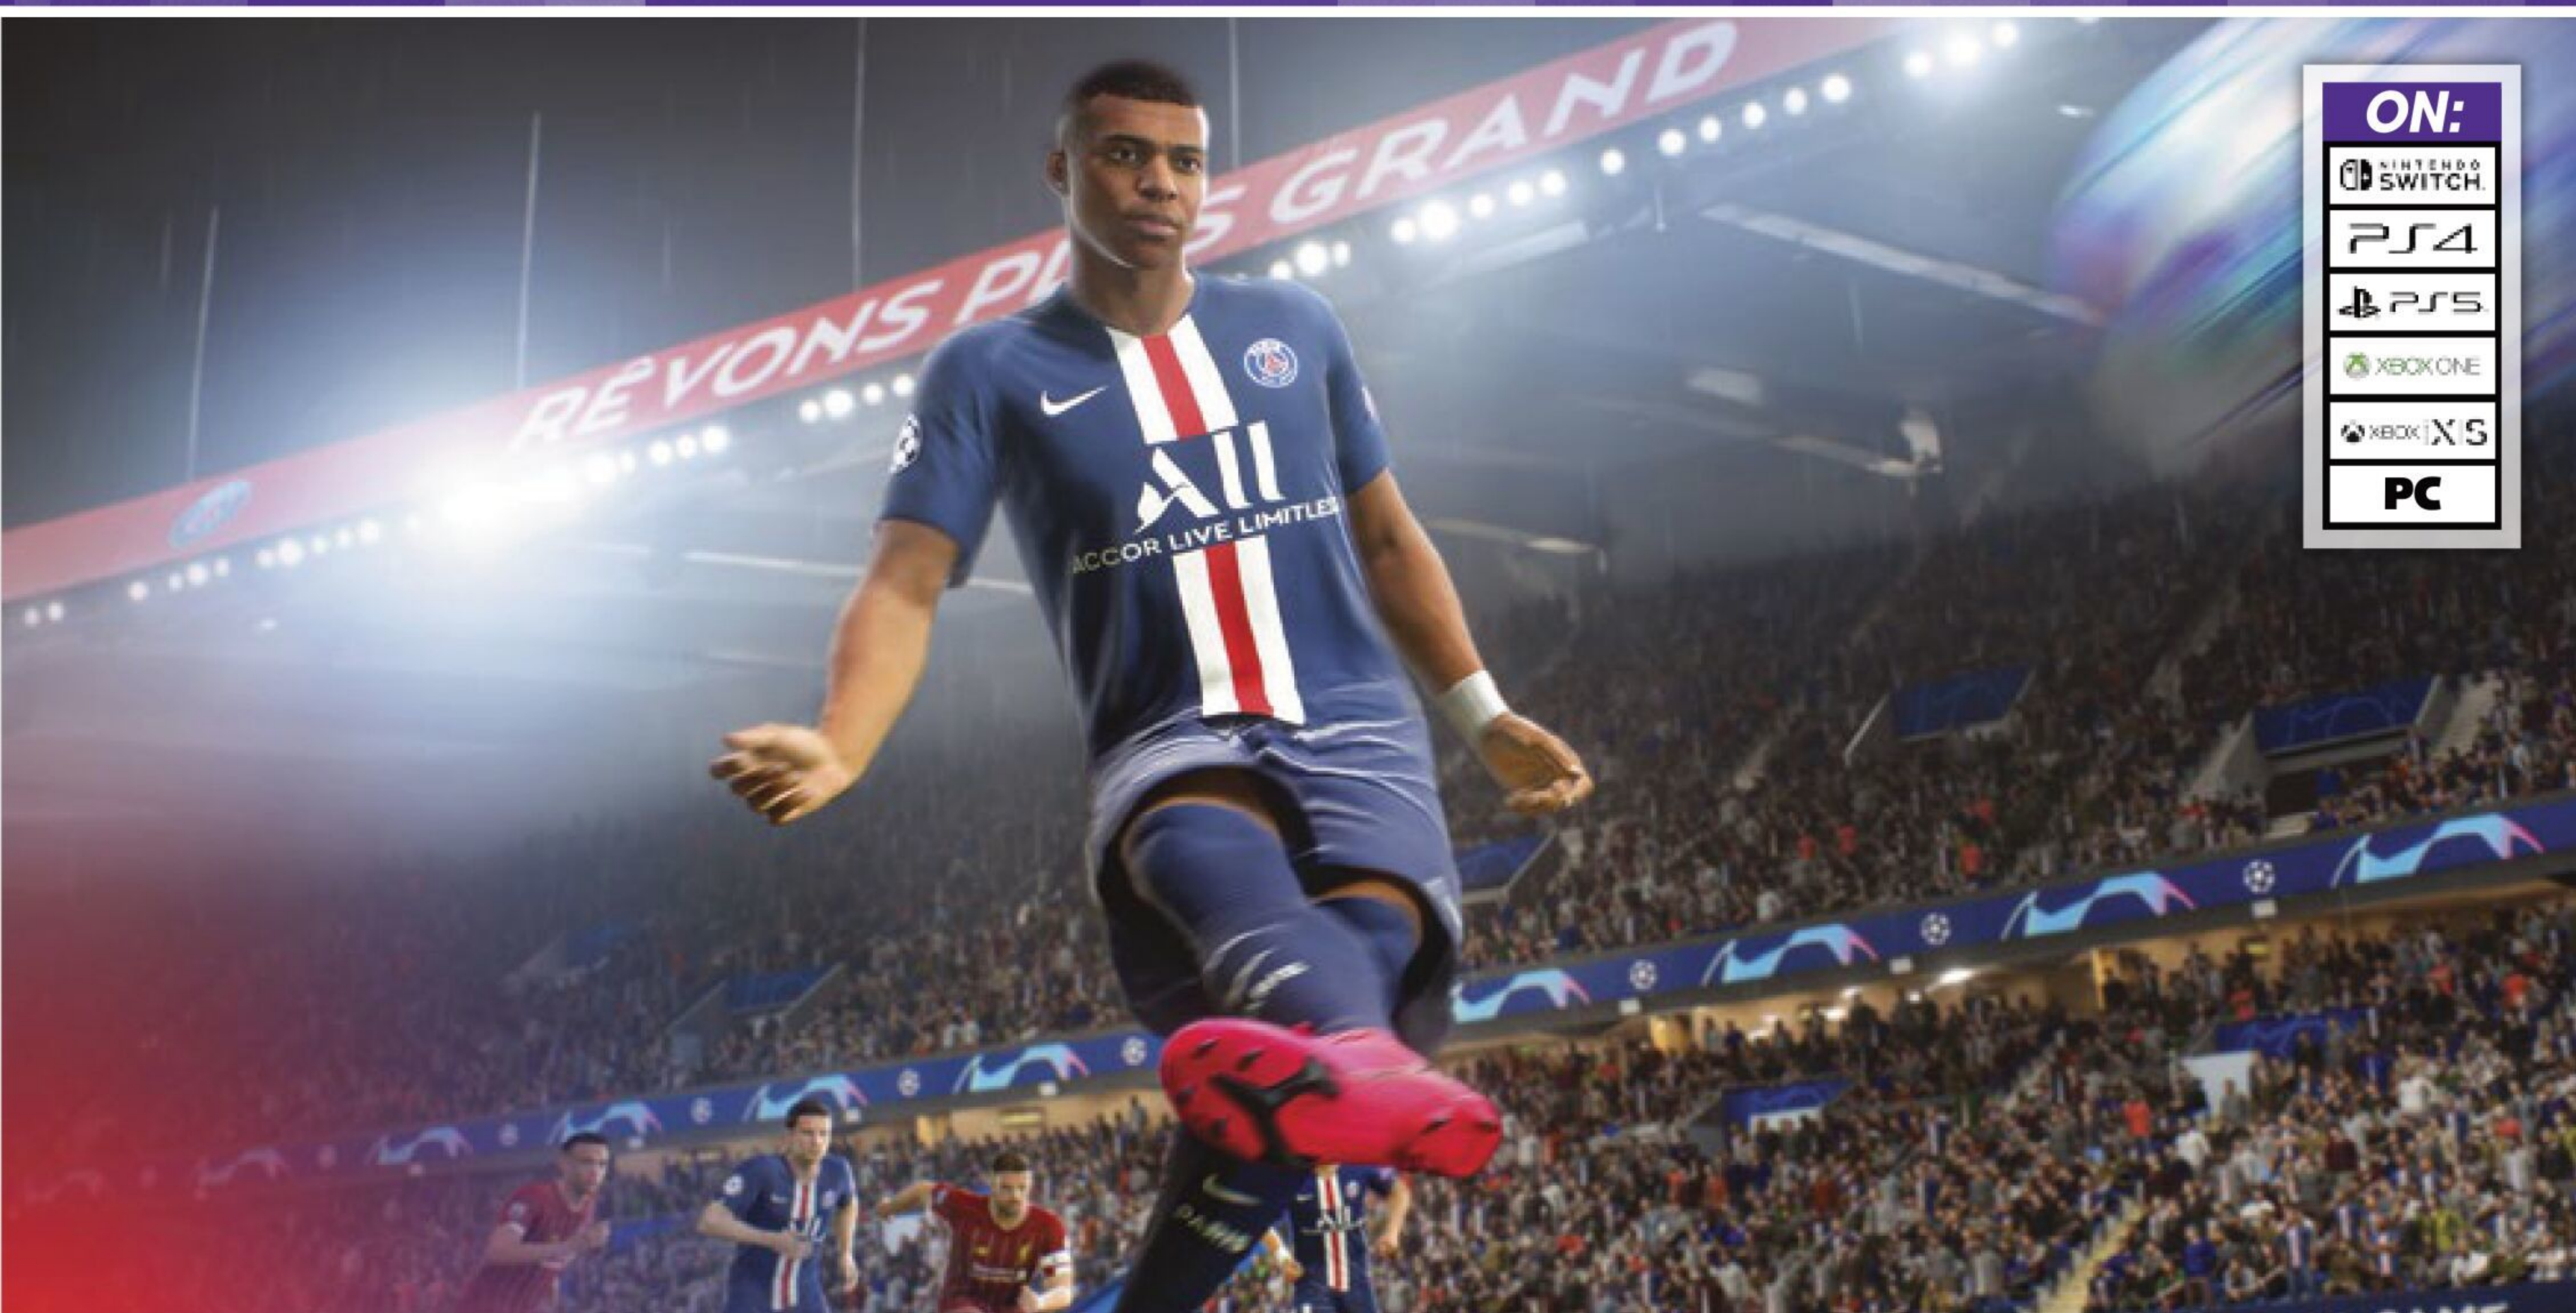

## FAMILY FEUD

Pull together a fantastic group of friends or fam for the fully fun *Family Feud*, with answers that range from savvy to silly!

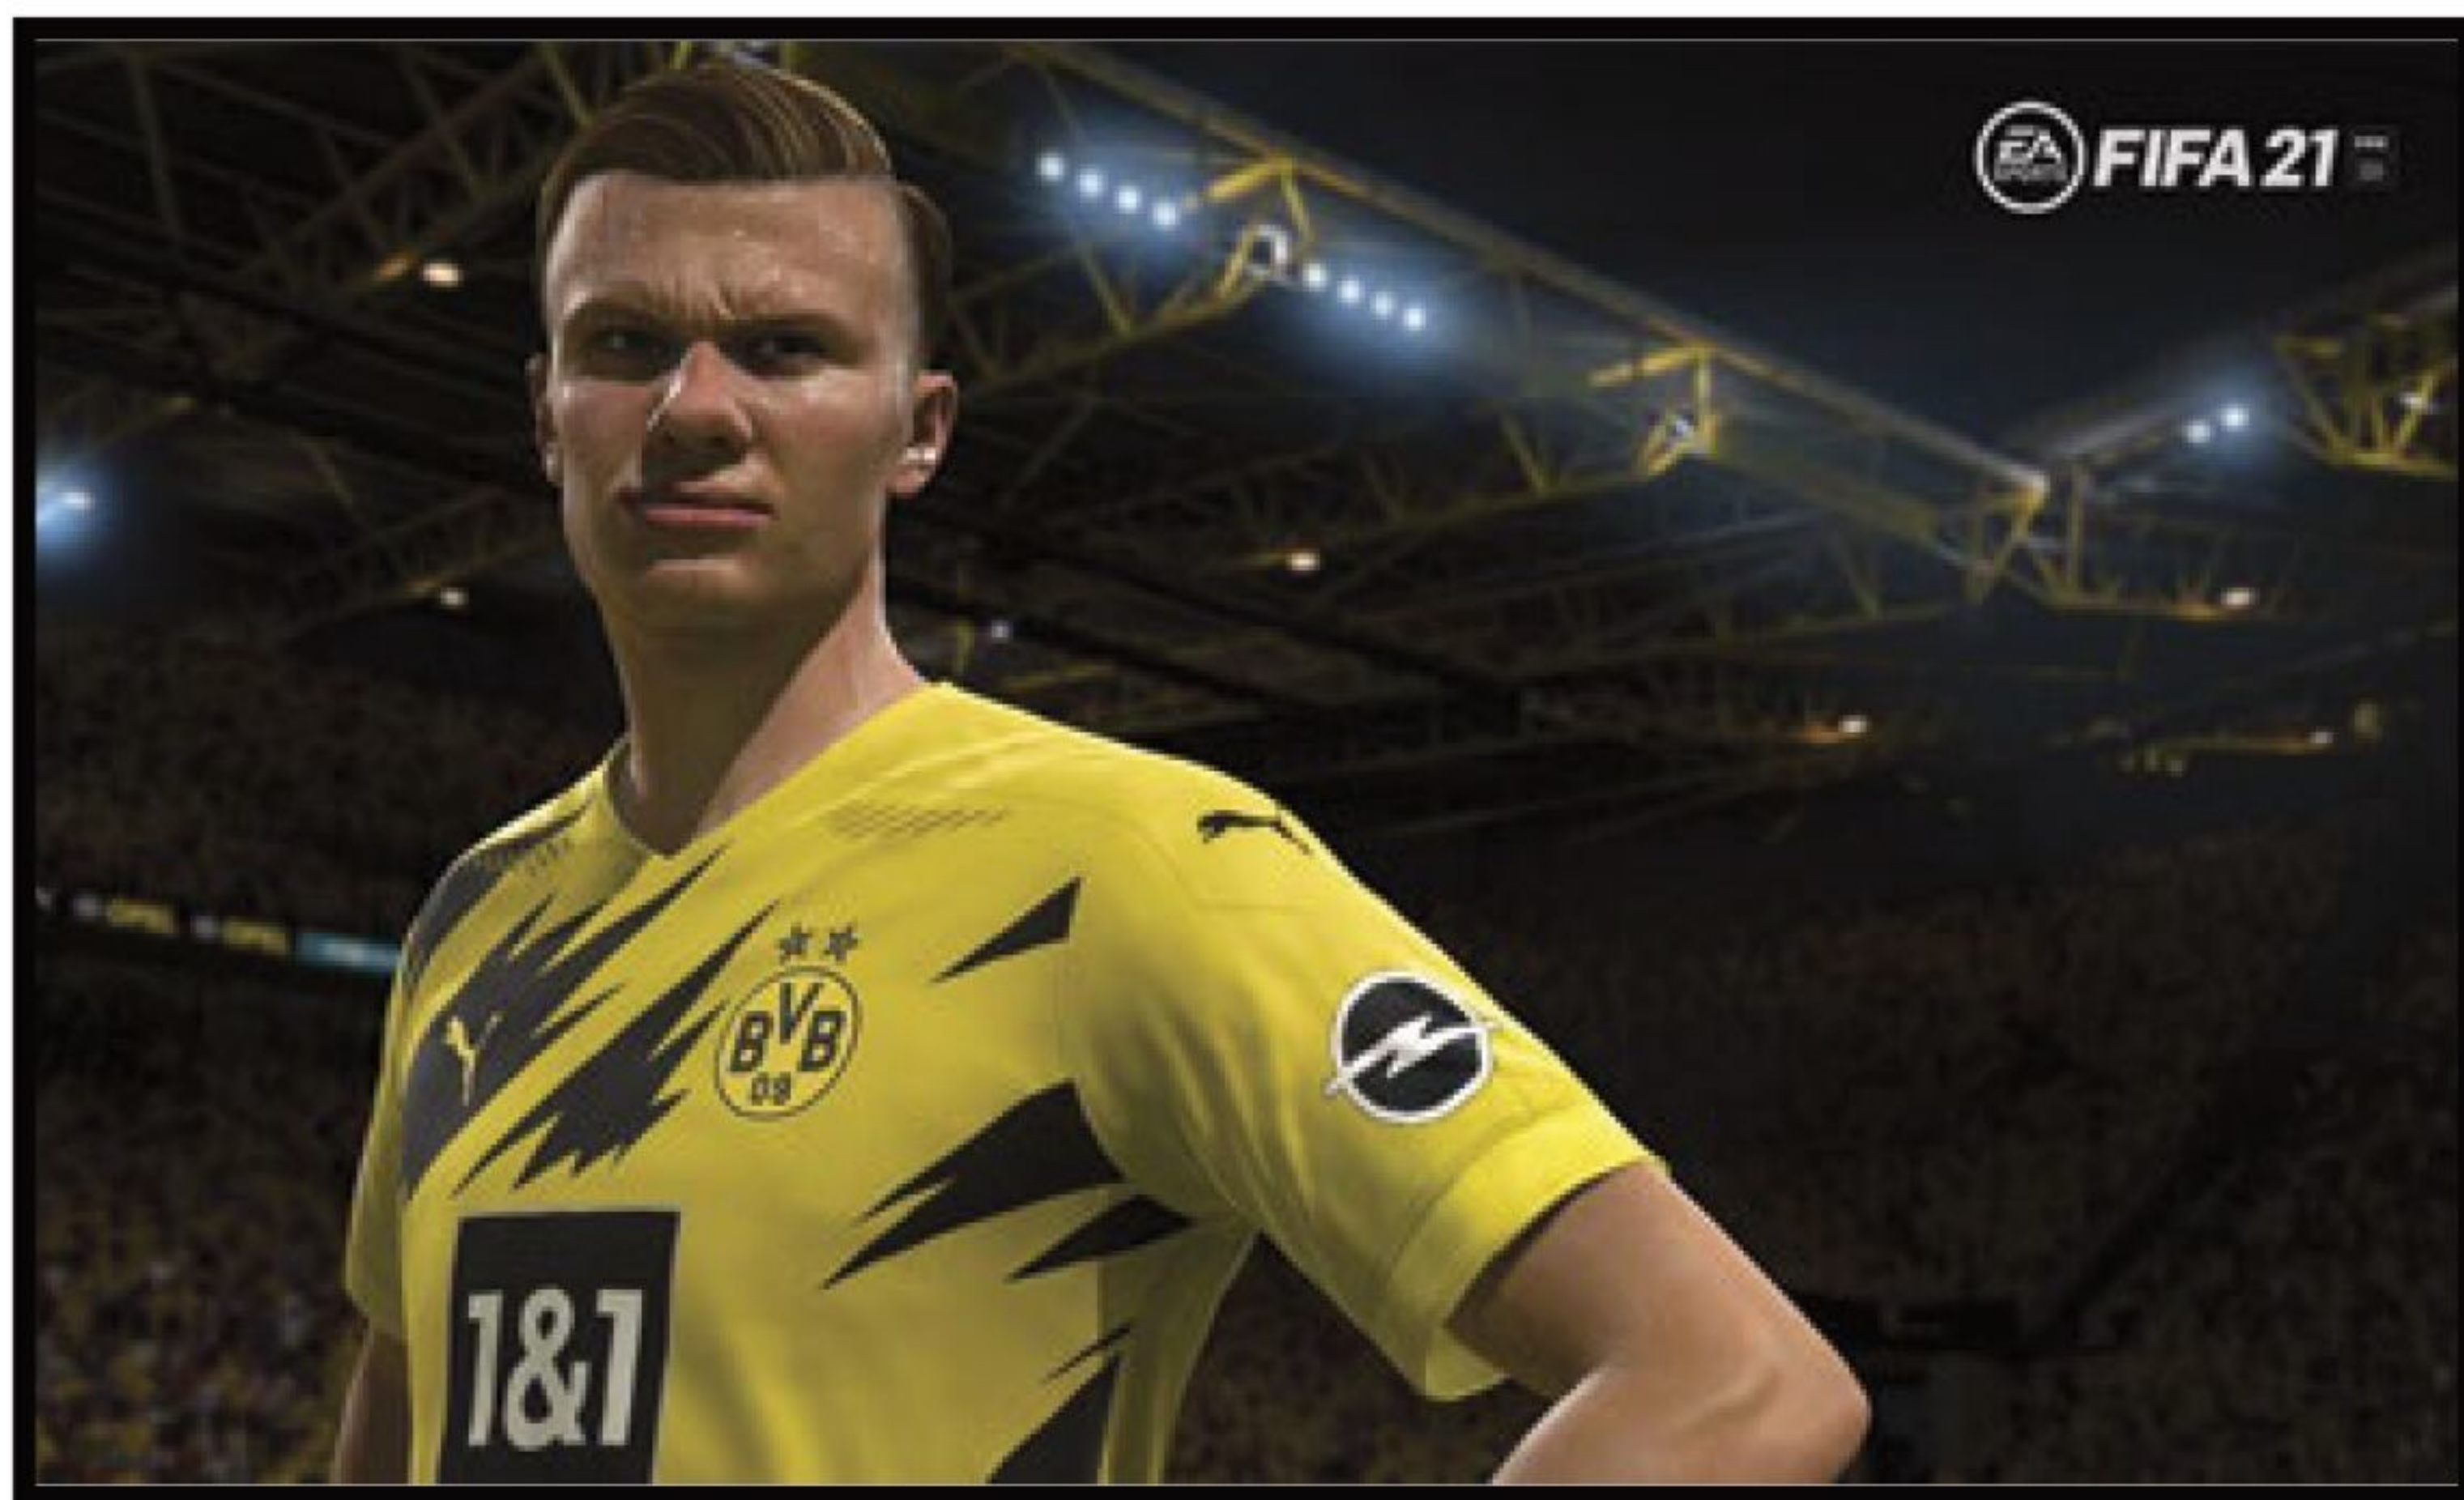

*Family Feud* may be based on the US version of the popular game show, but you will find that Aussie spelling totes applies here. The setup is super simple; everyday peeps are surveyed and their various answers are sorted by popularity. You can score points by picking one, two, a few, or all of those varied answers correctly. The most popular answers are worth more points, so think carefully! *Family Feud* actually uses 1500+ survey questions, which means the game has stacks of replay value. For example, a prompt could be, 'Things people ask you to smell'. Answering with 'farts' may not get you any points, but it's sure to nab some LOLs from your teammates! Get up to four other peeps on your team, and the couch. You can even pass one controller around, to make things easier. Tackle the AI first or face off with two human teams. Buzz in quick for points, then pass tricky picks to the other team and pinch points.

## FIFA 21

Get ahead with these heady *FIFA 21* tricks that will have you booting and heading a bunch of extra netters in no time at all!

### ► DYNAMIC DASH

Dynamic Runs is a neat new feat(ure) for your footballers' feet in *FIFA 21*. Press the controller's left bumper, then flick the right stick to direct a dash for your AI teammates. Pass to an open player, or distract with the runner!

### ► PACE RACE

Get to know the players with the most speed (minimum 90 pace). These are the players who will nab you the most netters. Want to test a full pace attack? Tweak stats in the Settings Menu (up to 99%). Swing up the wing, or zip through the centre. Now scoore!

### ► SHOT SELECTION

Tap or hold the shoot button while running toward the goal. On the edge of the box, use right bumper + shoot with lots of power, or use left bumper + shoot to lob it over a keeper. Use left and right bumper + shoot to drill the ball low when inside the box.

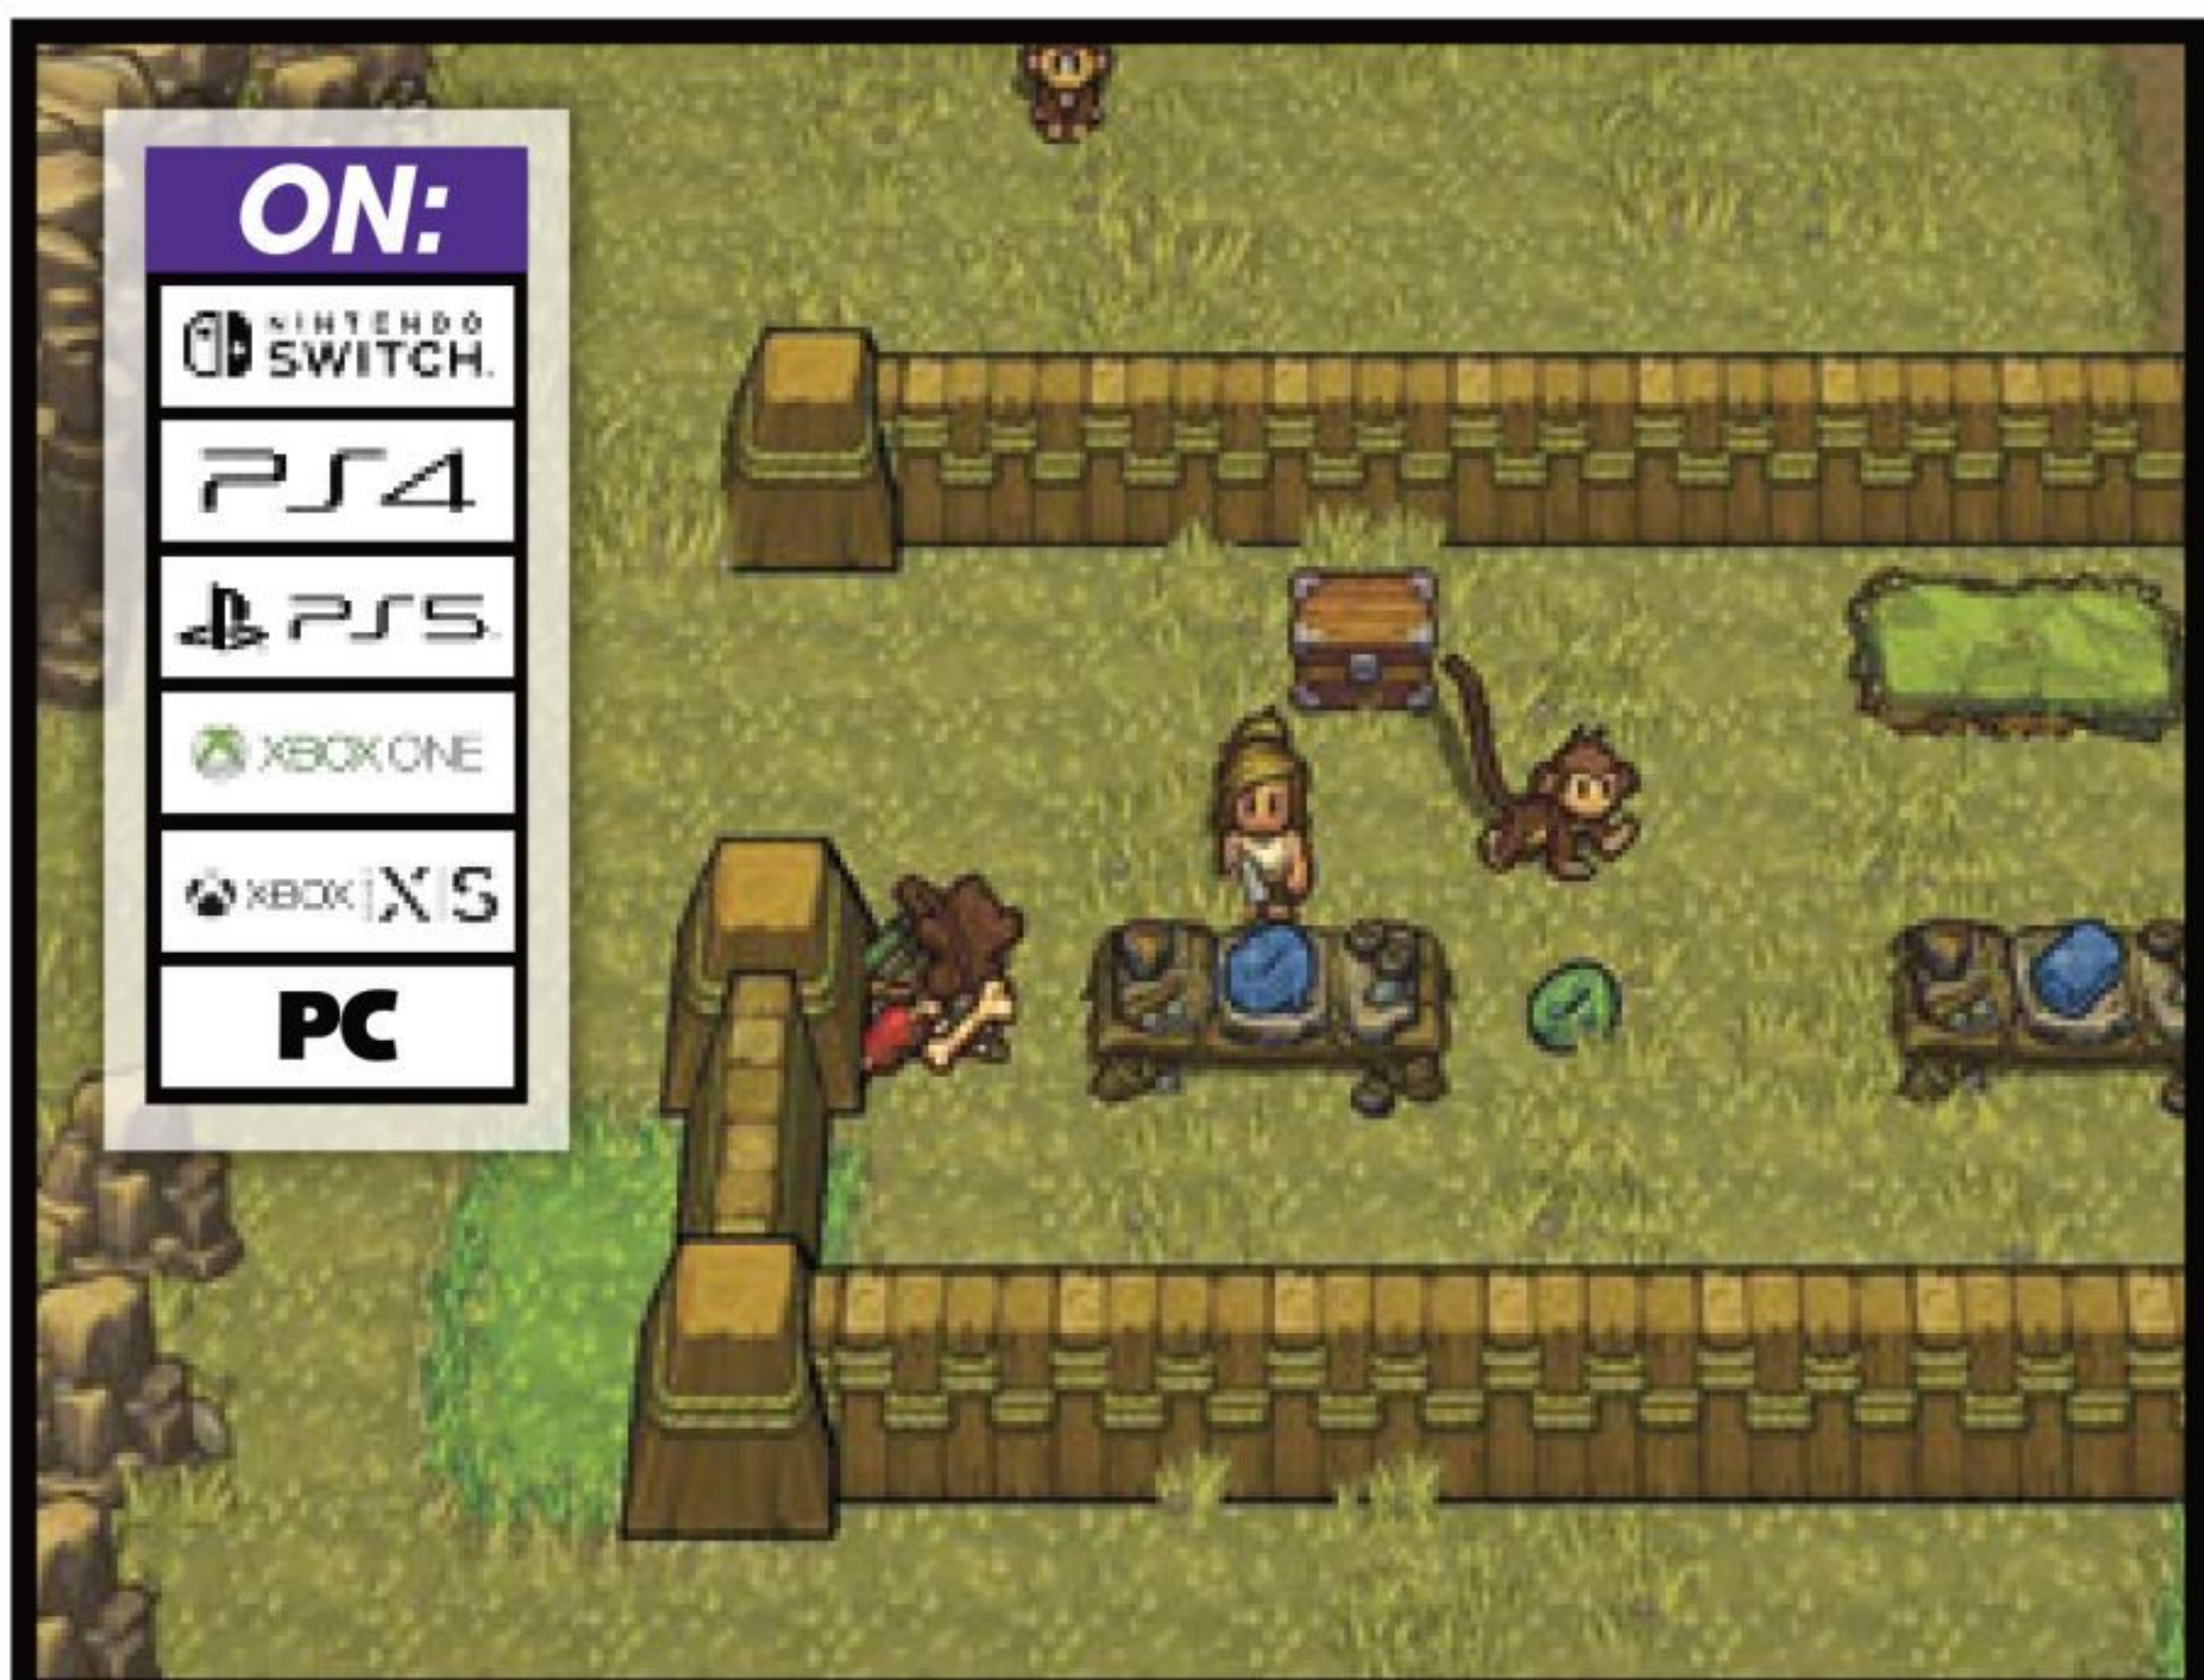

## TRIPLE TRICKS

Brawling in *Kirby Fighters 2*, trawling in *The Survivalists* or rolling in *Nickelodeon Kart Racers 2*? We have a pro tip to share for each game!

### ► SNEAKY FIGHTERS

Smash and squish your way to Rank 45, and you can unlock almost every fighter in *Kirby Fighters 2*. However, there are two more! Beat Chapter 4 to score mega Meta Knight, and beat Chapter 5 for King Dedede. Chapter 5 is tough, so stack up on Health and Strength upgrades. Use the Cursed Auto Heal Ring to stop your foes from healing!

### ► STACKS O' STORAGE

With stacks to store in *The Survivalists*, you run out of space fast. Save up 30 gold, and then nab the Mysterious Chest from the Mysterious Stranger. The Chest holds a whopping 36 items. Pick it up and drop it on one of your monkeys. Now, order the monkey to follow you for mobile storage.

### ► REVVING RACERS

*Nickelodeon Kart Racers 2: Grand Prix* has eight dastardly drivers to unlock by winning each of the eight Cup races. Any difficulty works. Head into Challenges to take on the remaining six. Danny Phantom, Stimpy and Korra come from the first three, then beat the GIR, Reptar and Shredder bosses to score the last three!

# IDEAS LAB

SCIENCE, TECHNOLOGY, ENGINEERING, ART AND MATHS!

Meet Alexei Hatherley, an animator and visual effects artist who designed and animated characters in *The Gamers 2037*!

**K-Z:** Hi Alexei! What did you animate in *The Gamers 2037*?

**A:** I created and animated Tok Tik (a robot who keeps the game time and wants to be friends with the gamers) and the intimidating A.I, The Game Master. I also animated Marvin, who has a huge ego but is actually quite sensitive, and the cunning and quick-witted Maeve.

**K-Z:** What software or tools did you use?

**A:** The 3D characters were created in Autodesk Maya, then brought into Adobe After Effects for further design. I had the privilege of working with Speech Graphics, ground-breaking software that used sound recordings of the actor's voices to generate the facial animation for the Game Master, Maeve and Marvin. I used Adobe After Effects to composite the final animations, which involves adding 3D characters into some real life scenes with actors, and adding finishing touches.

**K-Z:** What experience did you have before starting in your role?

**A:** I worked as a fishmonger while studying a Bachelor of Digital Animation at JMC Academy. I graduated in 2011 and landed an animation job later that year for a company creating simple animations. After that, I worked on various shows for Ambience Entertainment, which was a great environment that gave me creative freedom to experiment and develop my skills.

**K-Z:** What do you love about your job?

**A:** Creative freedom to create straight from my imagination and be free to immerse myself in the world of the characters. Creating a TV show takes so many people bringing their best; it's amazing to see everything come together at the end.

**K-Z:** What was the most difficult part of creating the show's characters?

**A:** The most difficult part of working on *The Gamers 2037* was having to jump into the unknown and take a leap of faith at times. We didn't know for certain how different software would work together or if technical issues could hold us up. I ended up creating a unique plan for each of the characters, in order to get the best results for the time we had available which, while exciting, added some pressure to the job.

**K-Z:** Sounds tricky! Is there any advice you want to share with K-Zoners who are interested in working in a similar role?

**A:** If you have any interest in animation or design, the internet is full of so many resources that help you learn anything for free. Think about what you want to create, then research how to create it. Never let anyone tell you what you can or can't do. If you believe in yourself and are willing to put in the hard work, you will go on to make great things!

## MY FILMING HIGHLIGHT WAS...

Filming in the VAARG Warehouse! It was built from scratch and the Art Department did an amazing job. The dark atmosphere with hints of neon really created a mood that made you feel like you were truly in a room with some man-eating technology!

## WHILE FILMING THE SHOW, I LEARNED...

How to fall over! Professionally! Marvin, Ash and I took classes on how to fall dramatically without getting hurt. There is a lot of action in *The Gamers 2037* and learning to fall safely was imperative! It's an awesome skill, as I can pretend to stack it and watch people react.

## MY SURPRISING TALENT IS THAT...

I have a photographic memory. This makes it super easy to memorise my lines on set!

## MY ACTING TIPS FOR K-ZONERS ARE...

Work on memorisation skills, as actors must remember lines very quickly. Find scripts online from your favourite TV series or films, and play your favourite character. You can film yourself and be your own critic to improve. Take your time. It's easy to rush scenes, but I encourage you to slow down and act your scene. Let your character think, feel, realise and understand what they are saying as you perform.

## THE FUNNIEST MOMENT ON SET WAS...

When Marvin had to run into the warehouse, into a pile of boxes. I remember in one take, Marvin fell into the boxes and his shoe flew into the air as he landed on the floor. We were all uncontrollably laughing for hours!

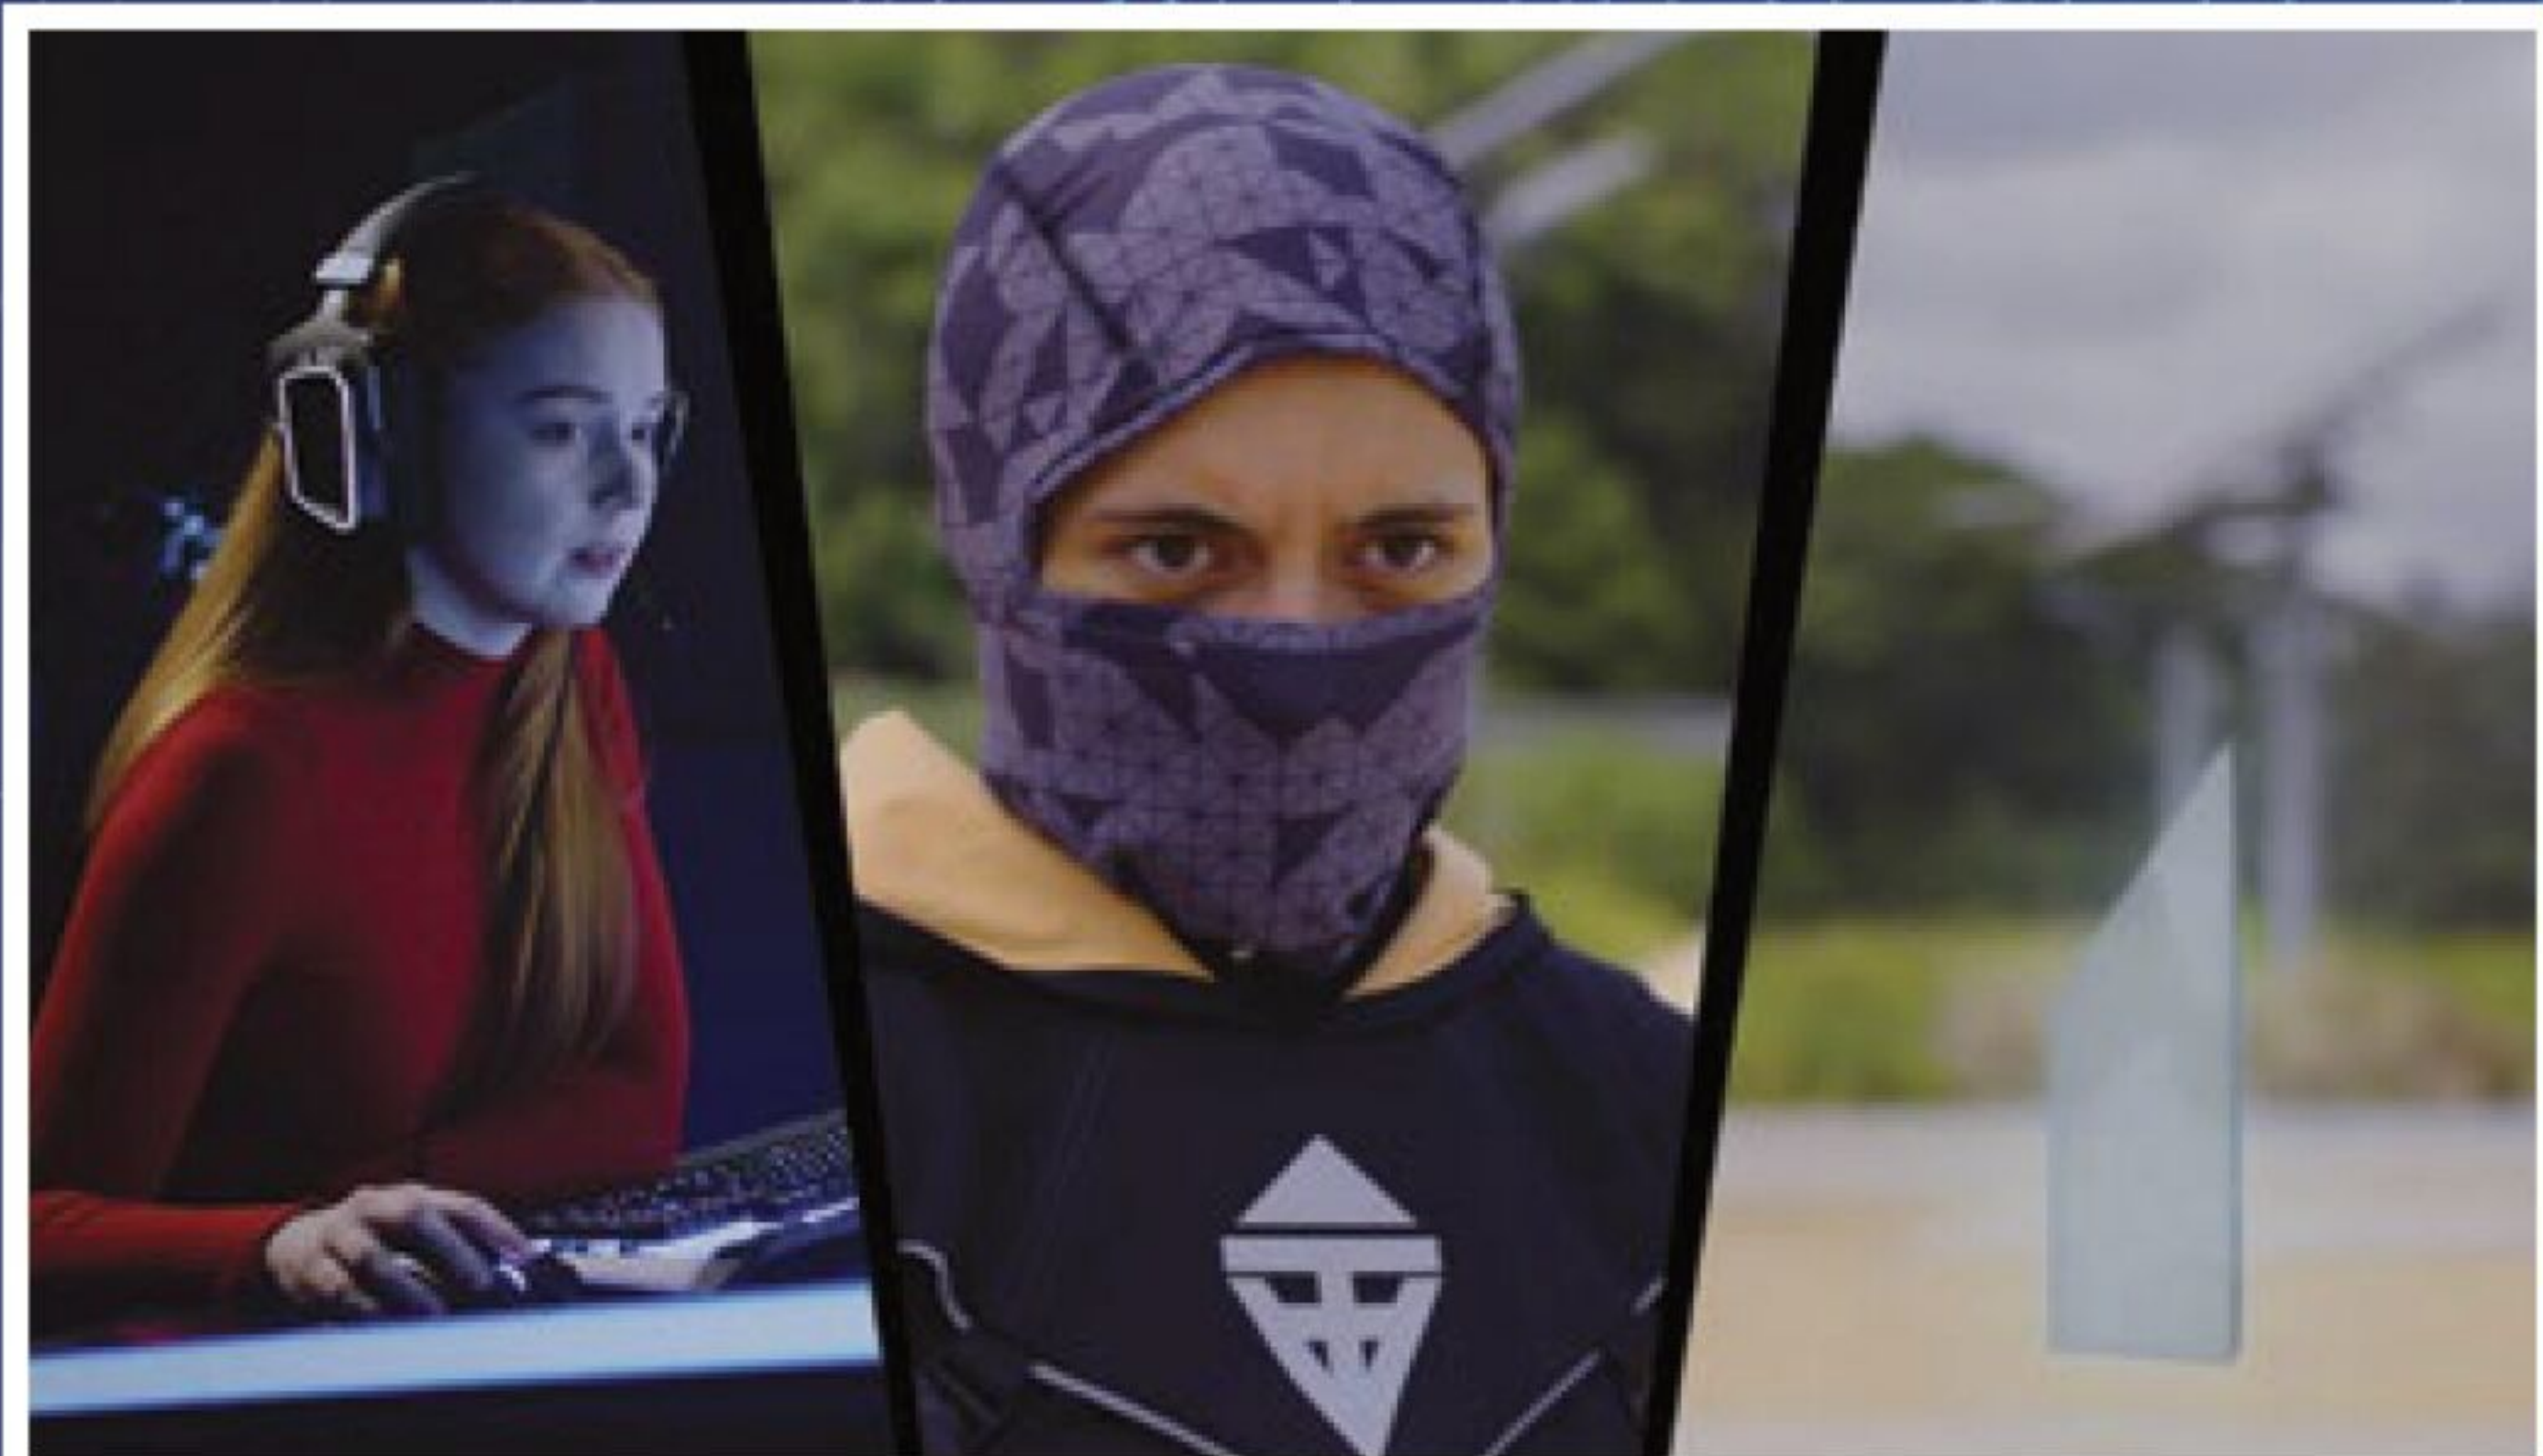

## THE CAST MEMBER MOST LIKELY TO...

**Win at arm wrestling:** Ash. Ash is super strong and would beat me hands down!

**Trip on nothing:** I'll admit this would totally be me! I tend to trip over my own feet all the time on set and embarrass myself!

**Eat gross food for a dare:** Marvin. Marvin is pretty game when it comes to dares and challenges.

## SURPRISE WELCOME

I was looking around at my new house and found a secret spot. As I was just about to explore, a bird pooped on my head!

Anwar, NZ

**UNLUCKY!**

## TOILET TROUBLE

After using a toilet at the shopping centre, I tried to flush but the toilet paper clogged it up. I flushed again and the water started to rise up. I panicked and pressed again, but the water overflowed and splashed onto my sneakers. Gross!

Maree, Qld

**SO UNLUCKY!**

## TREE TUMBLE

When I was younger, I climbed a tree to get my toy, but I lost my balance and fell. I cut my stomach and pants. There were other kids there too. I was so embarrassed!

Micah, Qld

**HEAPS UNLUCKY!**

## CAKE SMASH

I was at my friend's birthday party when I tripped and fell into the table with the cake. My elbow landed in the middle of the cake box. I was embarrassed at cake time when there was a big dent in the cake!

Carly, NSW

**UNLUCKY!**

I was balancing on a pole in a playground when I slipped and banged my head. I went to the hospital and had to get stitches. My head hurt for three days!

## Ned, Vic

## HEAPS UNLUCKY!

While I was playing on my skateboard with a friend, I slipped and sprained my ankle. I couldn't walk on it for weeks!

# PRANKS! PRANKS! PRANKS!

**FUN FACTS FOR  
PRACTICAL HACKS!**

## HOLED UP

Cut a rough circle out of black card or paper. The aim is for the shape to look like a hole in the wall! Carefully stick the fake hole on a gyprock wall in your house. Do not use tape, as it might damage the paint! Now, simply wait for someone to discover the mysterious void.

**K-ZONER  
PRANK**

## COLA LOL

Tip soy sauce into some cold, refreshing lemonade – enough that the fizzy drink becomes cola-coloured. Serve to a friend or sibling and watch their mood sour!

**Adityaa, Vic**

## MAGNETIC PERSONALITY

Double over tape (the stronger, the better) and stick several fridge magnets to your arms. While you are covered in magnets, walk into another room in the house and warn your chosen prank victim to avoid touching the fridge for a while. Otherwise, their body might end up magnetised, just like yours! LOL!

## HELPING HAND

Cover one hand in plastic wrap, making sure to individually wrap your fingers. Add a layer of masking tape. Make a small tear in the plastic and tape at the wrist and remove your hand. Add a layer of papier mâché, allow to dry, repeat. You now have a rad prank prop!
